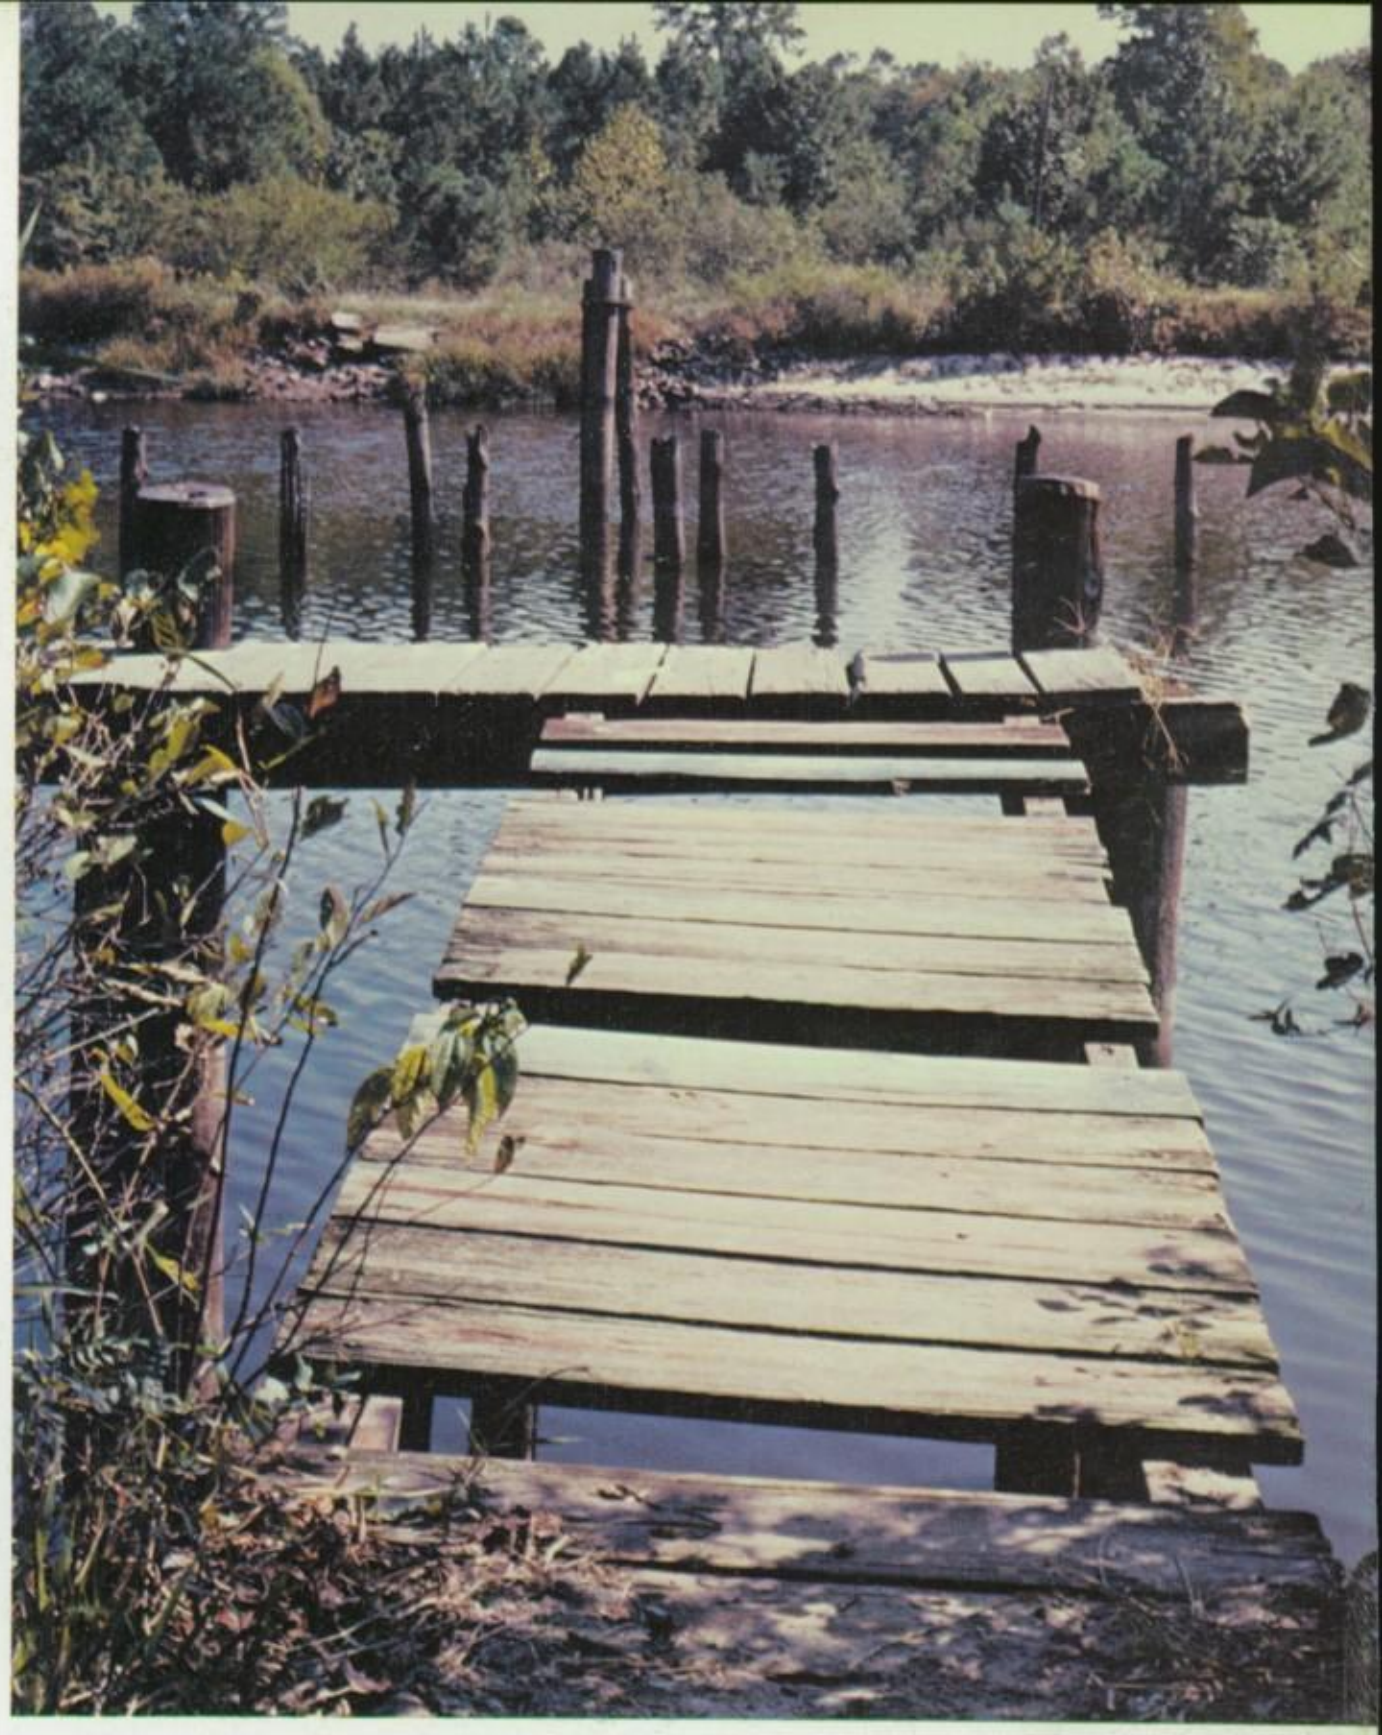
Growing With The Years

Since 1955 Deep Creek has doubled in population and along with the growing population have come many changes. The businesses of Deep Creek have gone from small, locally owned stores, such as Lovegrove's Mercantile and Culpepper's Grocery Store to the ever popular 7-11 store and a doctor's office. Also, there have been three recent changes to the Deep Creek community. Two of the most recent are the new Deep Creek High School and the Recreation Center.

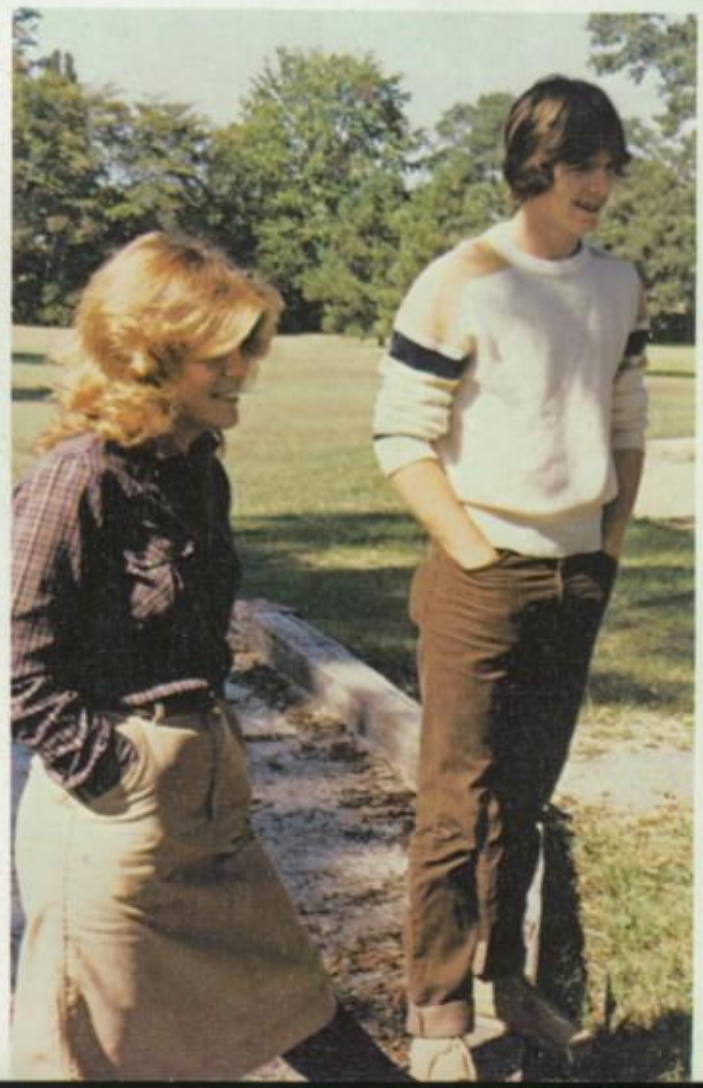
The other is Deep Creek Locks Park, which was built approximately five years ago. Although this park is fairly new, it contains a small cemetary dating back to the 1800's. This park has many things to offer people of all ages. It can be used for almost anything and is open freely to the public.

Community growth has added to the growth of our school. Each year graduating classes are larger than those of previous years. Perhaps the old saying — the bigger the better — proves true.

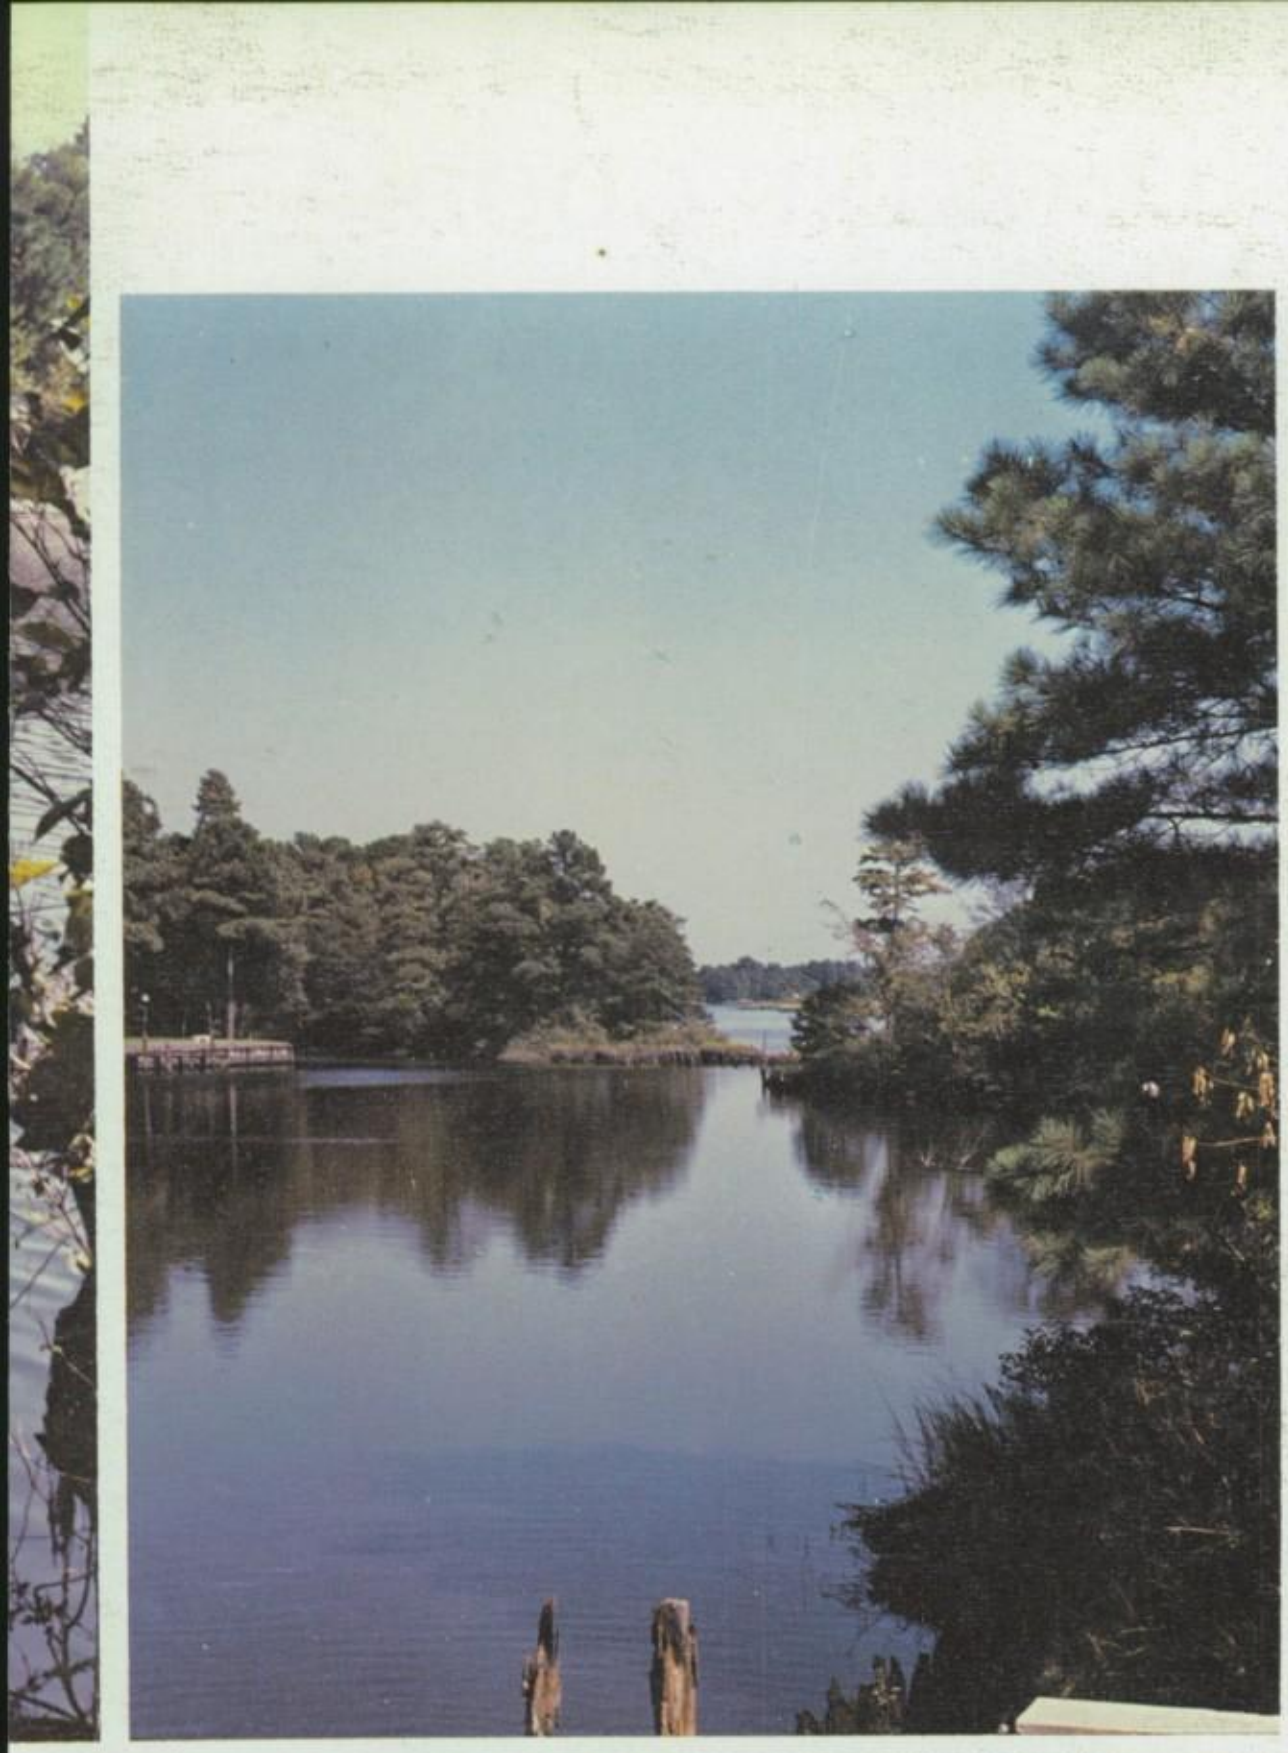


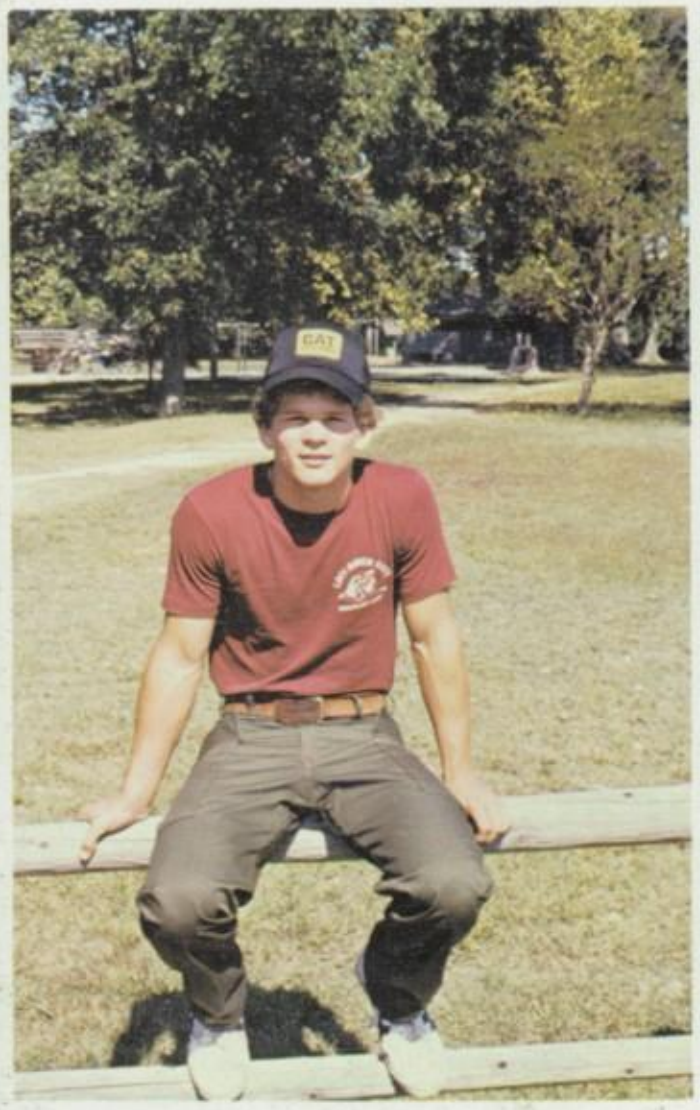
A piece of scenic Deep Creek, rarely noticed, awaits visitors to catch its rare beauty.

"Like a bridge over troubled water?" Actually the water at the Locks Park isn't troubled at all, but is a peaceful home for several types of water life.



Jerry Michonski and Robin Wall enjoy Deep Creek Locks Park on a quiet afternoon.





Another break? Even tough athletes like David Farley need a chance to rest after strolling through the park.

Placid waters of the intercoastal waterways make a pleasant view for nature lovers.

Studying under these conditions can be difficult! Even Becca Culpepper and Sabrena Hardee find it hard to study in the calm environment.

WE'RE LOOKING GOOD!

While the country was making news with the election and international affairs in 1980-81, we were making our own news! The football team, the spirit, the mock elections, the club involvement, and the community gave us all something to talk about.

The 1980-81 school year brought new challenges and exciting events. We excelled in sports and the student body as well as the administration became more involved.

The familiar places such as Deep Creek Locks and the expanding areas of the Deep Creek community were enjoyed more.

The excitement and the spirit of the school year was never better. We were more united and the friendships we shared will never be forgotten.

Now is the time to sit back, relax, and relive those good times we've shared. As you look at the pages of this 1981 **HORNET** you will remember the sports, the organizations, the faculty, the supporters — US — the people of Deep Creek — that's what this book is all about and **WE'RE LOOKING GOOD!**

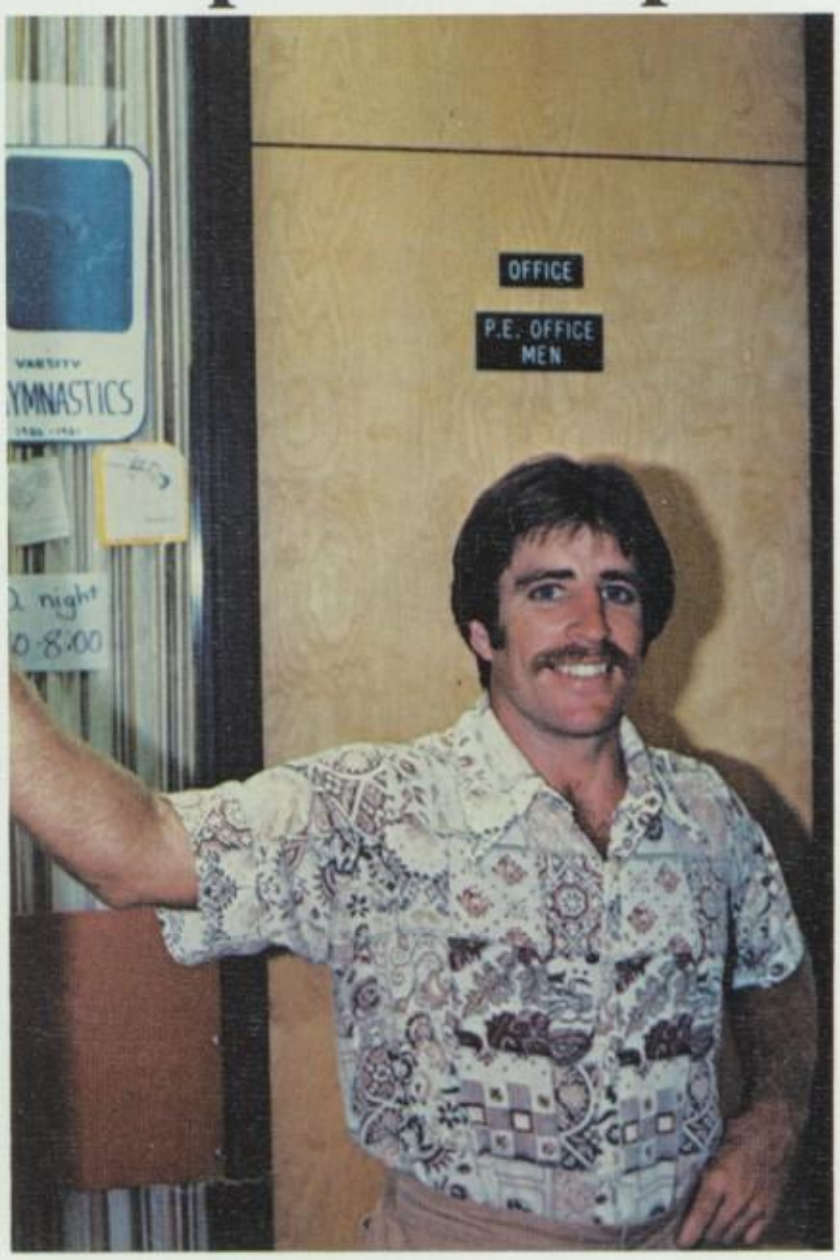
To Special People —



This year the Seniors have chosen two very special people, Mr. Glenn Koonce and Mrs. Charlotte Riddick to dedicate the Yearbook to. Both have worked very hard as teachers and sponsors of various organizations to deserve this honorary citation.

Mr. Koonce recieved his BS. and MS. from Old Dominion University. He has been teaching health and P.E. here at Deep Creek High for four years and has devoted much of his time to coaching gymnastics, football, and soccer. Not only does he coach sports, he also sponsors the Hikers and Bikers Club.

Mrs. Riddick is a teacher of Algebra II, Career math, and Geometry. She recieved her BS. in Math and Statistics from Radford College. She solely sponsors the J.V. cheerleaders and the Varsity cheerleaders and has done a wonderful job in doing so.

Many students have depended upon them. They have shared so much of their time with the Senior Class as well as the rest of the student body. In appreciation the Senior Class dedicates this year's annual to them. Glenn Koonce and Charlotte Riddick — You both deserve the honor.

Mr. Koonce poses near the coaches' office, a frequent resting place for coaches and athletes.

Catch that Deep Creek Spirit

Each year during Homecoming week, students display their school spirit by participating in Spirit Week activities. Monday, this year, students dressed in western style for country and western day. Tuesday they supported their clubs on club distinction day and Wednesday was the popular fifties day. Thursday was a day for everyone's fancy clothes — dress-up day. Friday was purple and white day and students showed their spirit by dressing in school colors.

HOMECOMING: This is it!

What a night it was, too! Crowds of people flocked to the game to see Deep Creek battle against the undefeated Wilson and to enjoy homecoming festivities. Floats and decorations, the result of lots of hard work by students, added to the spirit of homecoming. Despite the disappointing loss suffered by the football team, homecoming was a great success. It was followed by a dance at the high school with Breck Barfield as the DJ. Award winning floats were submitted by the Senior class, Junior class, and the FHA.

Equal rights for women was the subject of the most colorful float entered by the FHA.

The hikers and bikers created a beautiful float depicting their favorite activity — camping

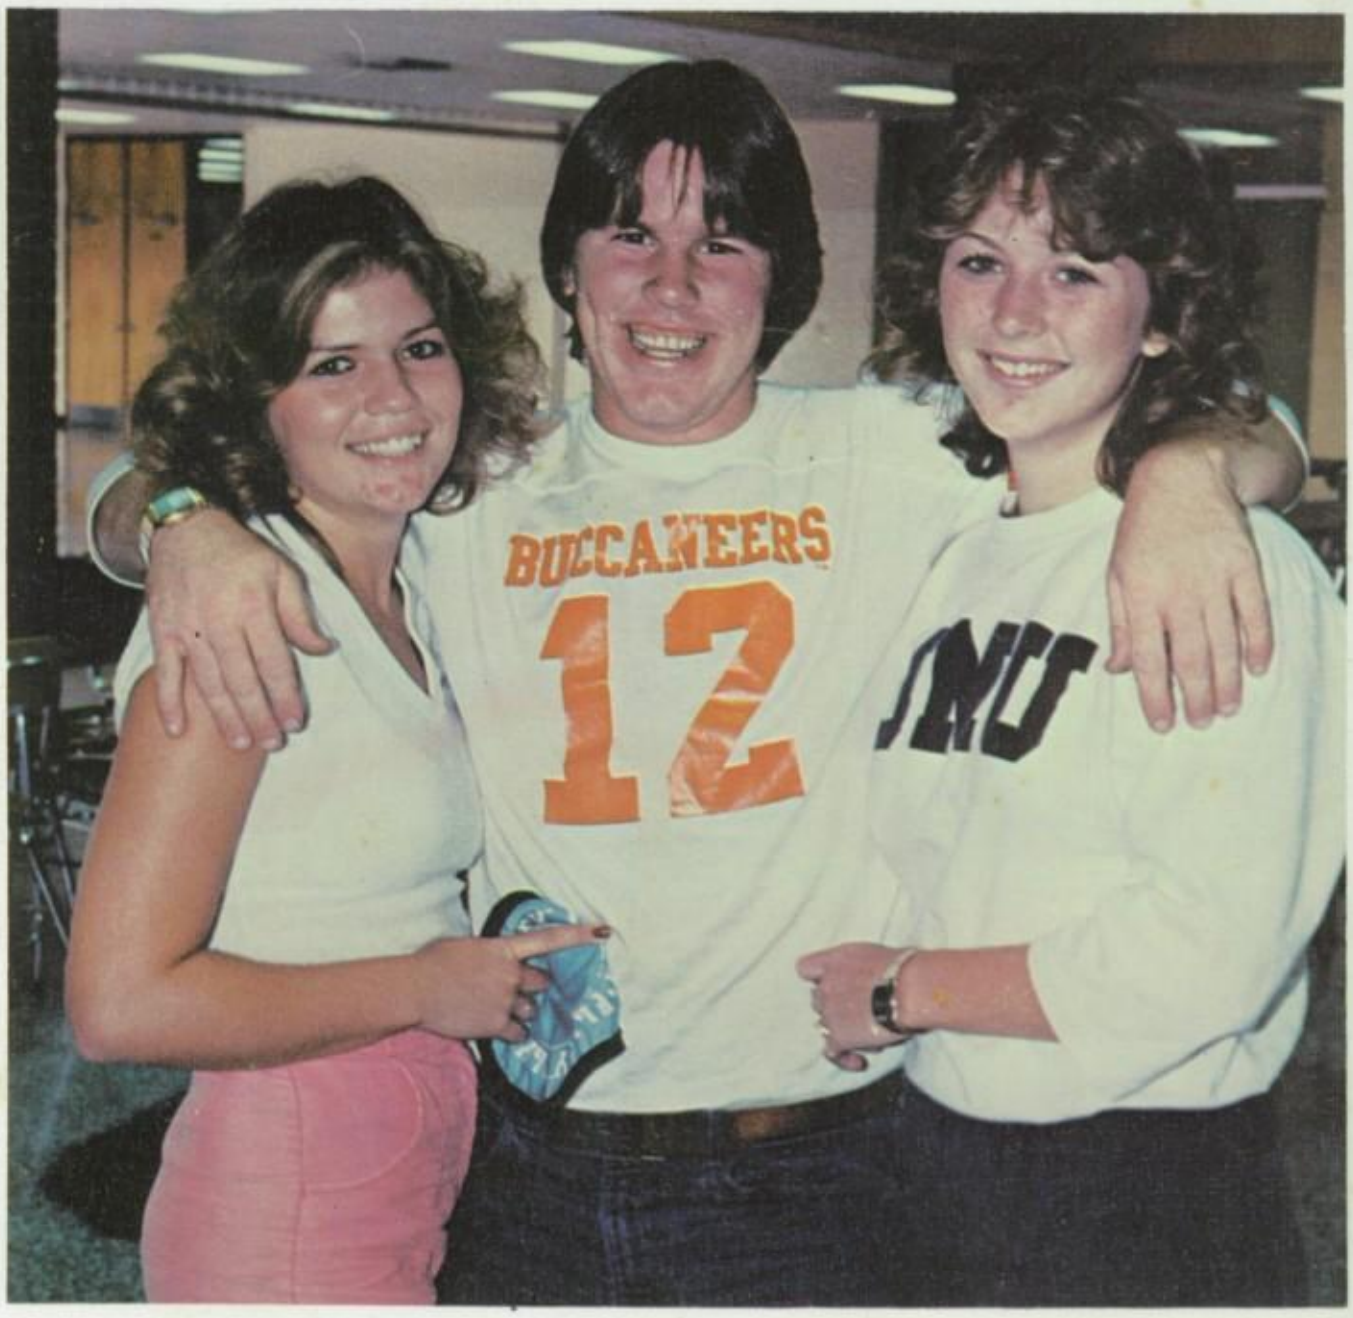
STUDENTS PULL TOGETHER

Deep Creek spirit and togetherness has never been greater than this year. Just being a Creeker meant something to students. And why not? We did some marvelous things this year, including having winning sports teams and better academics. It just goes to prove that at Deep Creek we're looking good.

Nancy Fulton looks over the bridge at the Locks into the water, thinking a plenty of unknown thoughts.

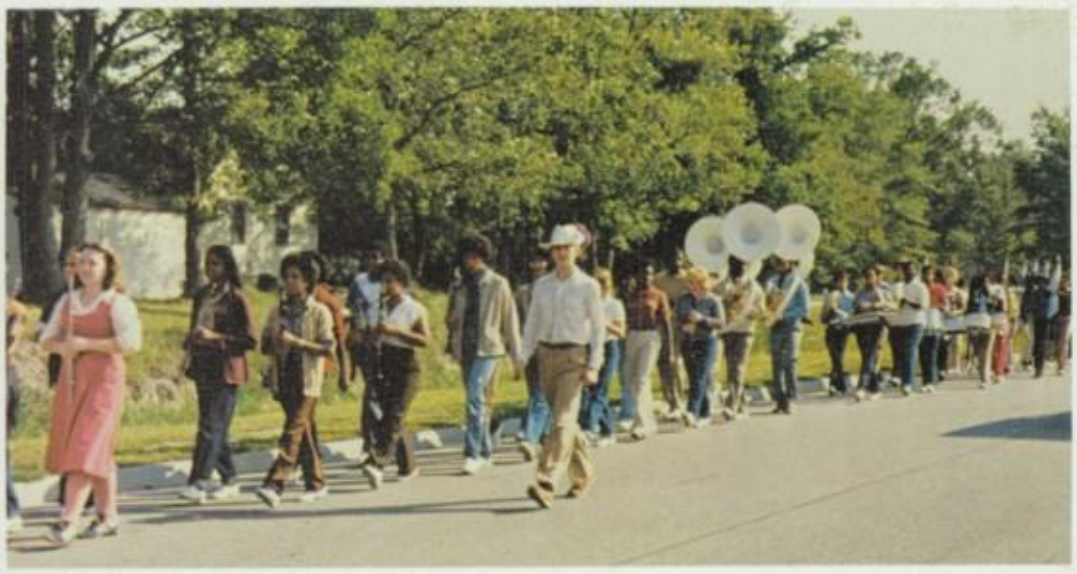
Patrick Clements takes a chance to gather books for his next class and to reorganize his clutter.

Chris Cornwell enjoys a football game; a student favorite for fall fun.



A little flirting around never hurt anyone's spirit, including those of Robin Wall, Bryan Buchanan, and Laura Sykes.

Practice, practice, parctice. They say that practice makes perfect, which is definitely true for our flag squad.



No it's not a parade — just the marching Hornets readying themselves for on-the-field activities.

I wonder? Joanne King has plenty to think about, including the dreaded homework.

SPORTS

We've Come A Long Way

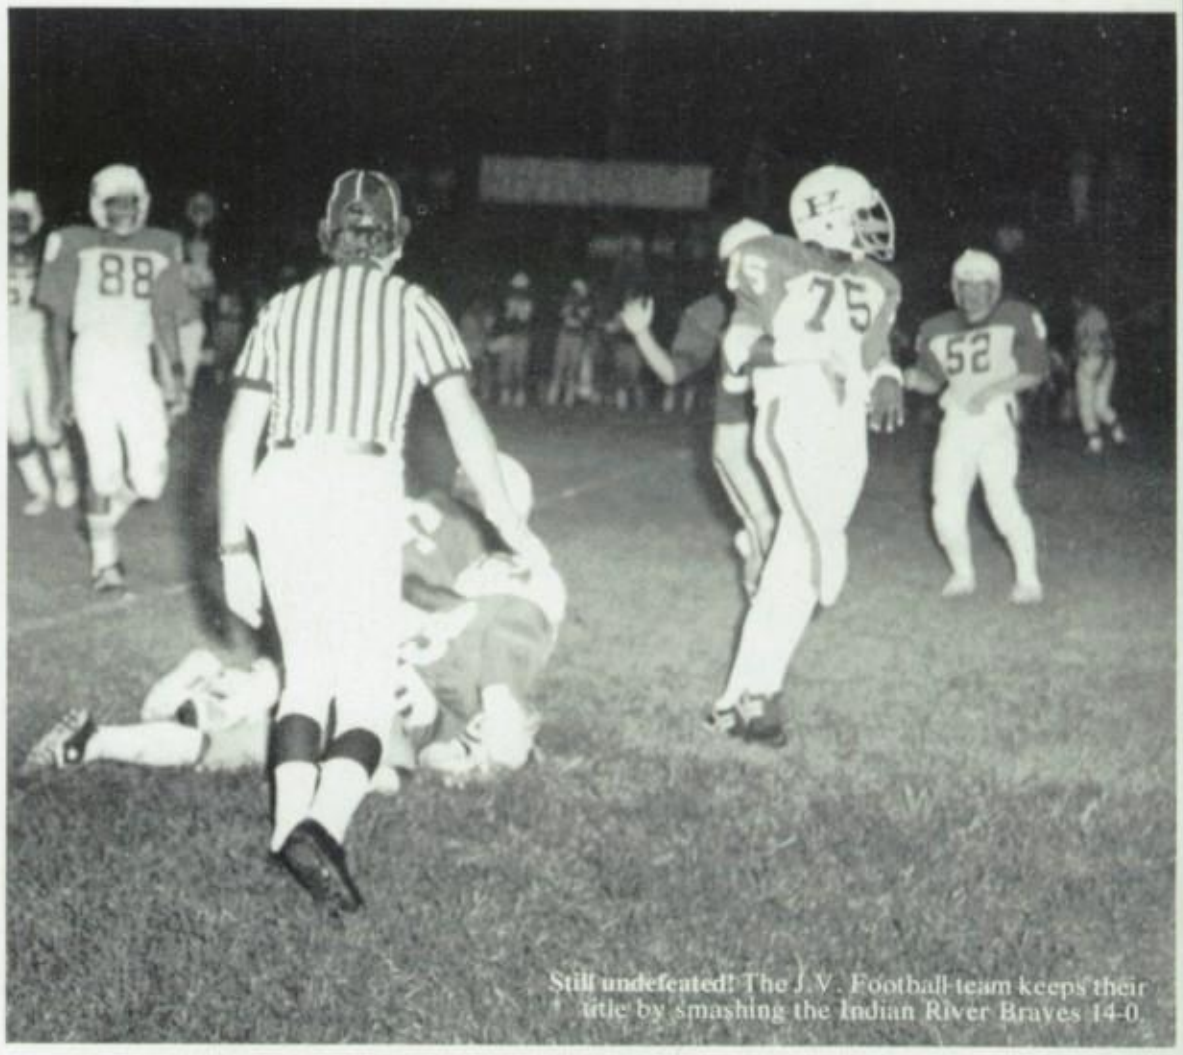
Practice payed off this year for Deep Creek athletes as the athletic program showed a remarkable increase in victories. Athletes tryed harder than ever to make a name for themselves and the school.

One of the most suprising outcomes of the fall sports program was the success of the varsity football team. Predicted to place no higher then fifth they pulled off many upset victories to place third in overall district ratings. Otis Copeland led the Hornets in rushing yardage.

Led by Coach Chase the girl's volleyball team finished a marvelous season with a 8-0 record and increased its record from an 1-7 season last year. They are the only team with a perfect winning record in Deep Creek history.

Along with team victories come personal victories in spirit, sportsmanship, and friendships between coaches and players.

Keep it up athletes — you're looking good.



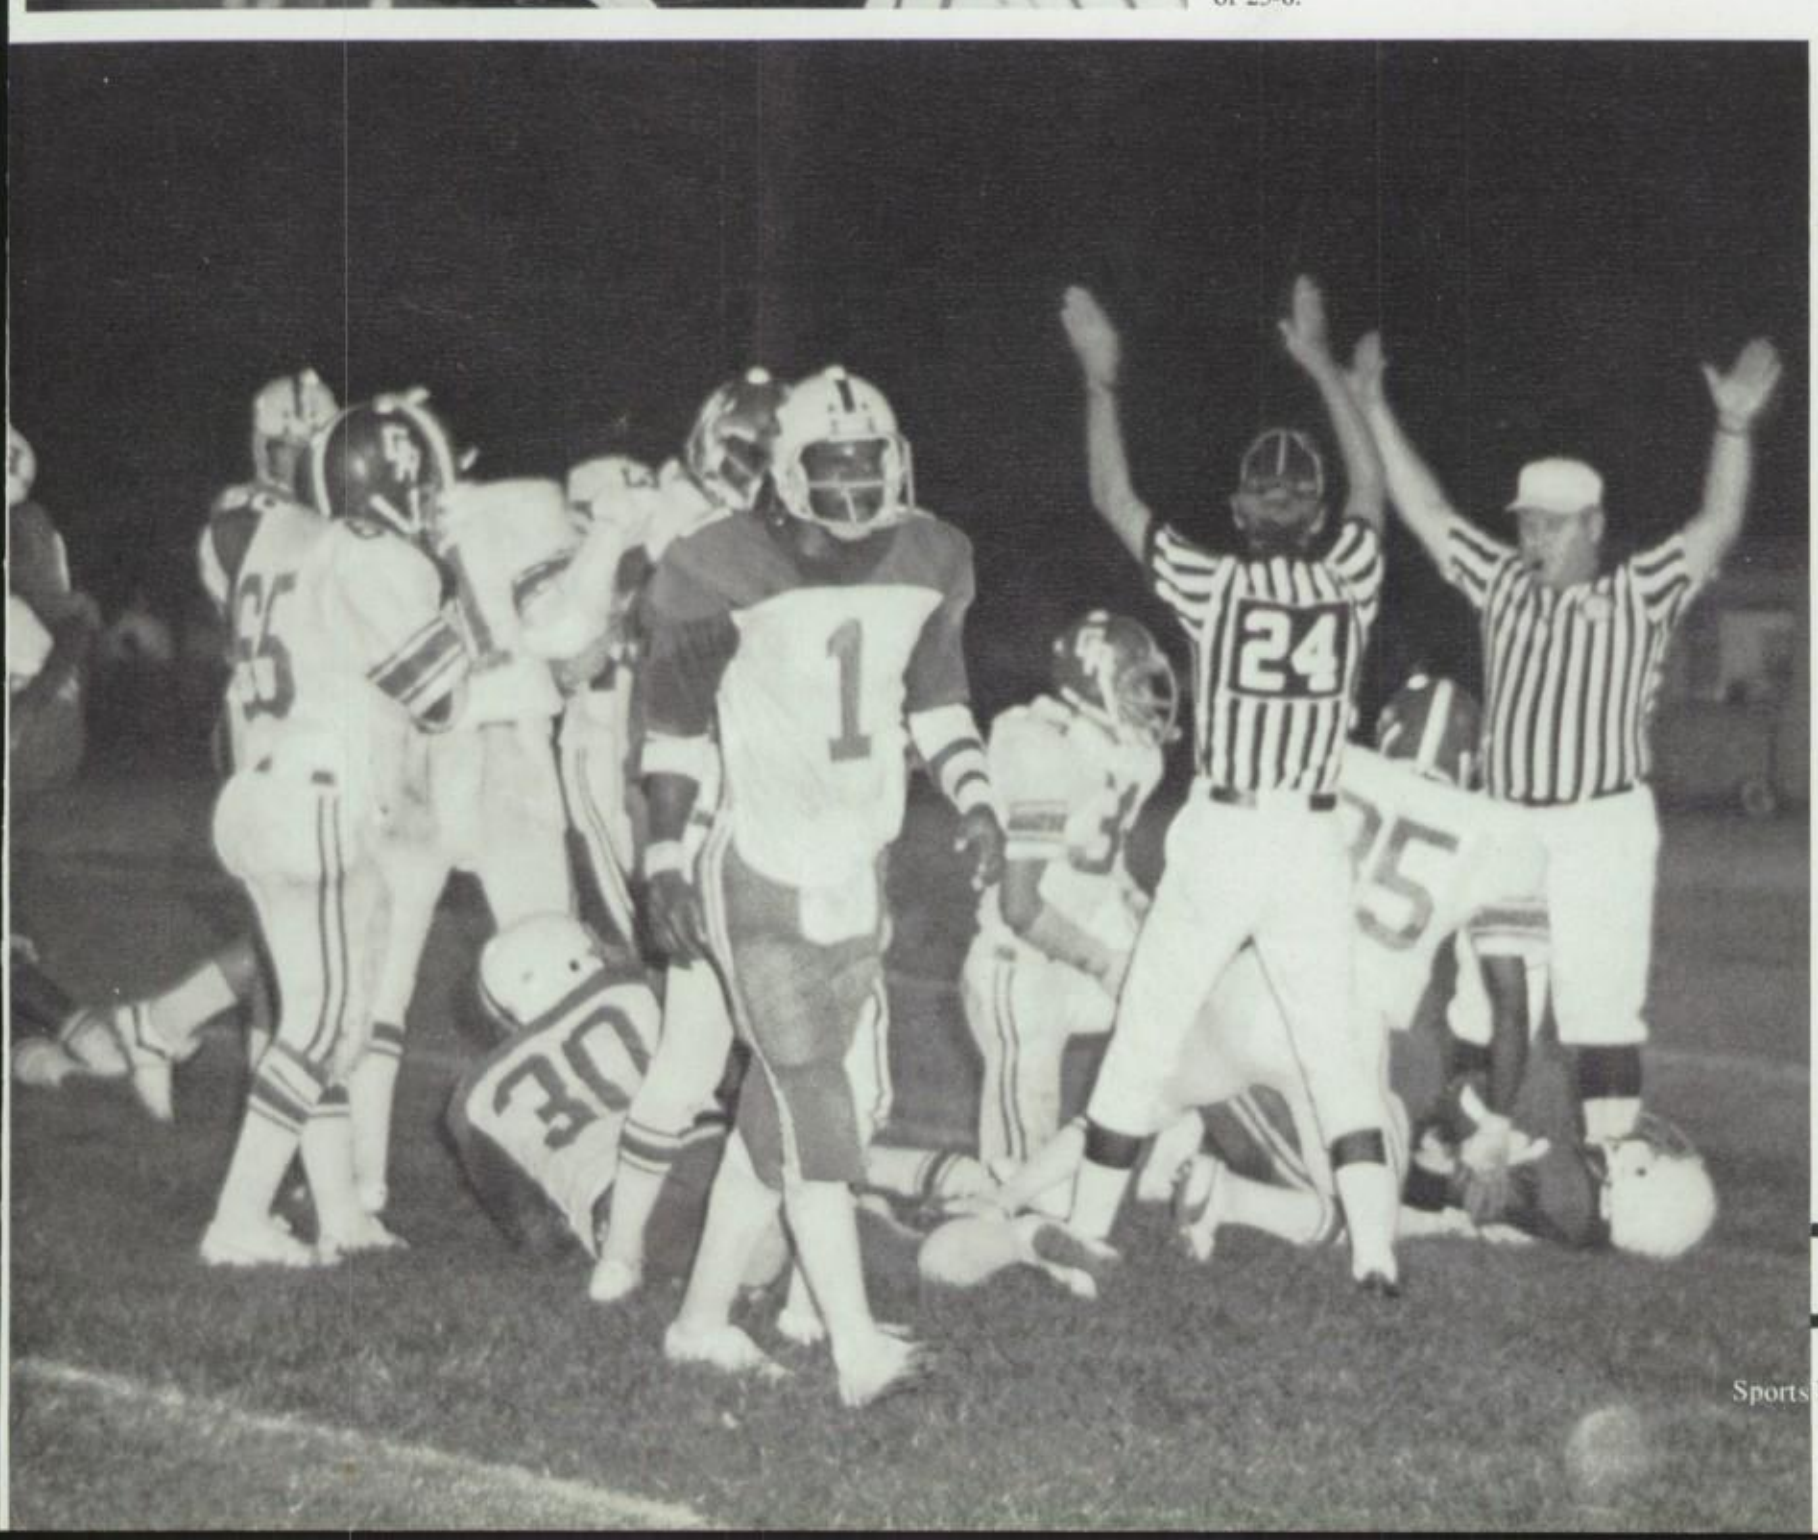
Still undefeated! The J.V. Football team keeps their title by smashing the Indian River Braves 14-0.

This is how it goes! Coach Zigenfues gives members of the Cross Country team a small pep talk before their meet.

Looking up? Carol Cummings concentrates on her serve during practice.

Are you ready for this? Patrena Trice proves her skill by blocking a spike from a Western Branch Bruin.

Expect the unexpected. Although Deep Creek was predicted to lose, Tony Stephens and the other Deep Creek players downed Green Run by a score of 25-6.



Hornets Third Best Season

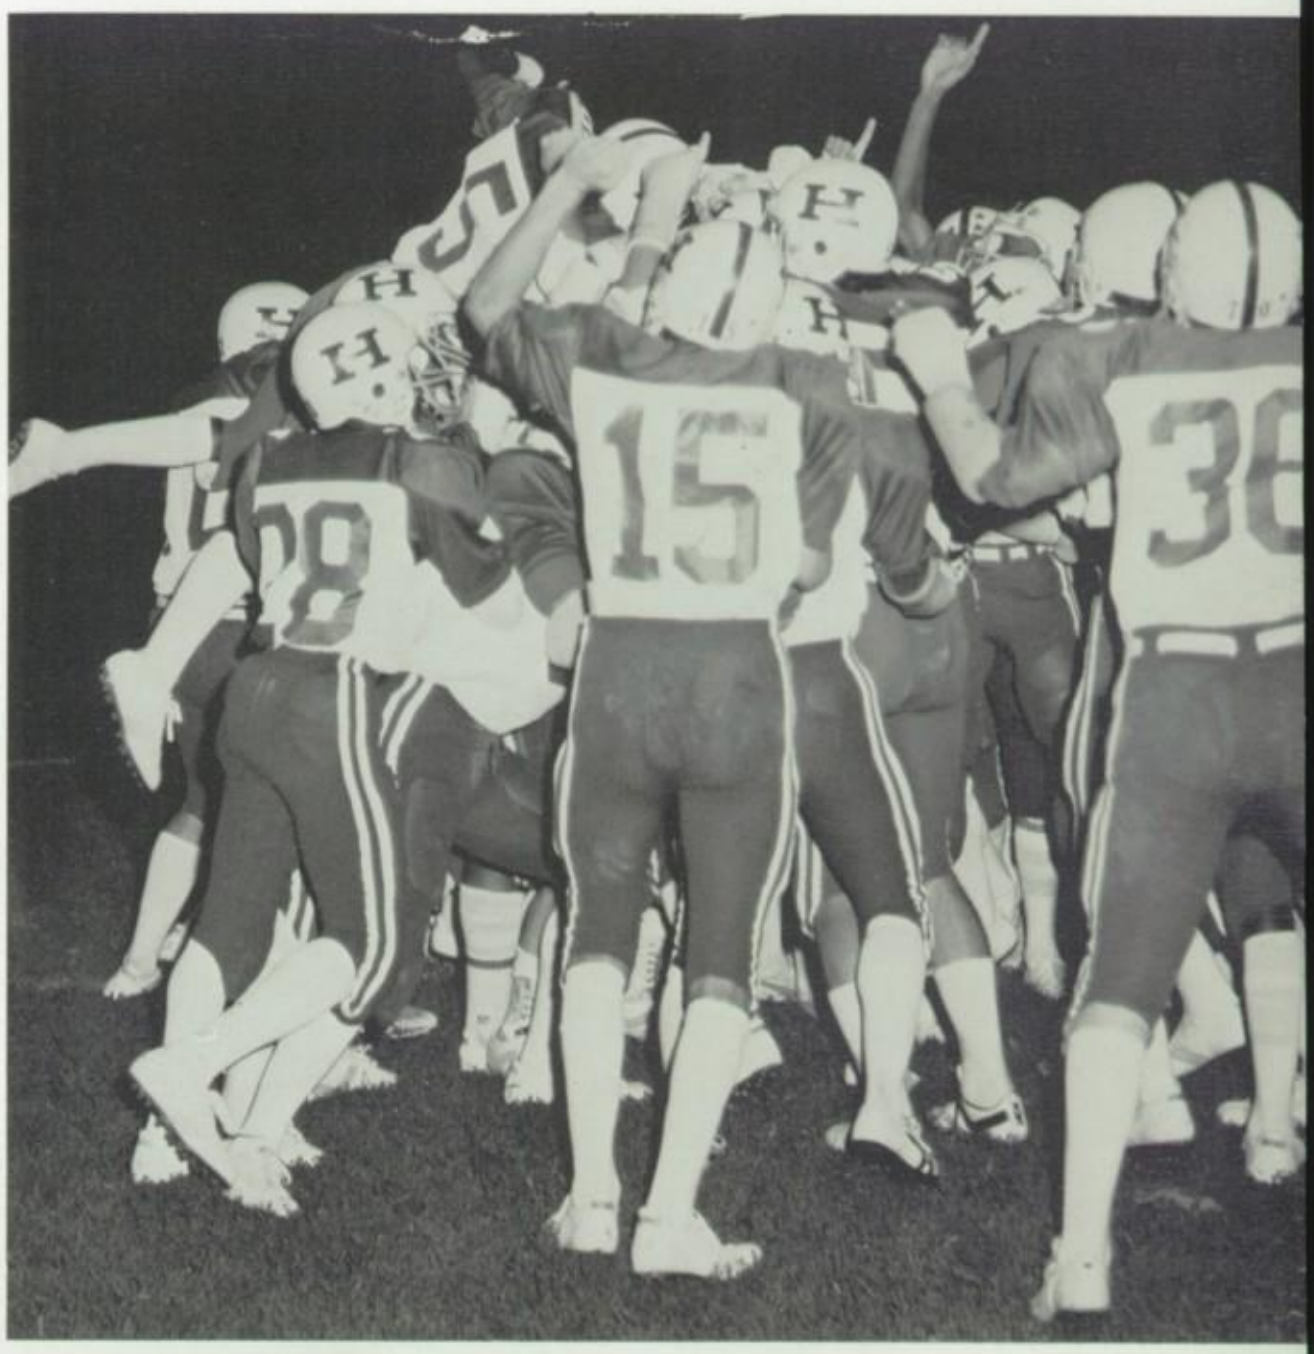
Deep Creek's Varsity Football team had an excellent season, finishing with an 8-2 record and third place in the district. This was the third best record in the history of Deep Creek and coach Creekmore's best season ever.

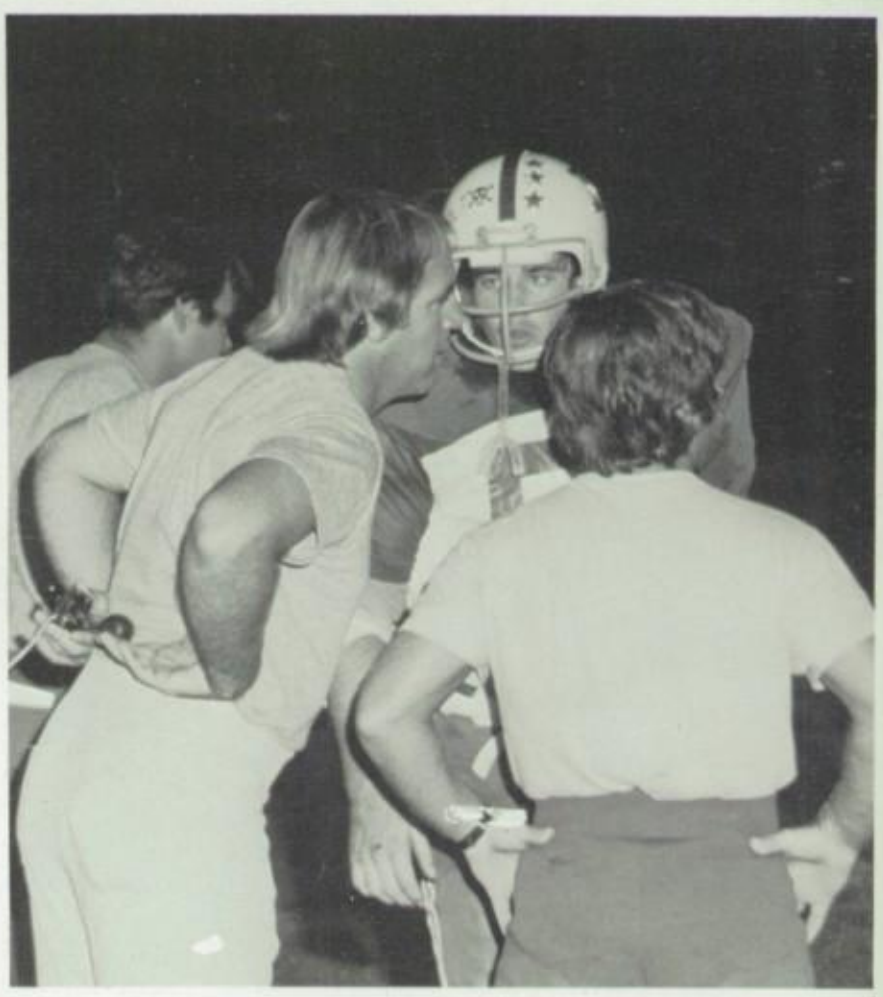
Coach Creekmore said, "this season was better because the team had more experienced players, better talent, and better coaches!!"

The Hornets were not expected to do as well as they did but they proved themselves as being a good team. In the game against Green Run, Deep Creek was predicted to lose, but won by a big margin of 25 to 6. They were also the underdogs against Western Branch, before they pulled off an upset victory and won 22-14. By winning this game, the Hornets had a winning record of eight games in a row, counting the games won at the end of the season last year. Depressingly, the Hornets ended the streak the next game against Great Bridge.

Hornets boasted the second best defensive team in Tidewater. Otis Copeland was the scoring leader in Tidewater, with 92 points and the first Hornet to exceed 1,000 yards in one season. He ended the season with 1,021 yards.

Each year an All-City team is picked. Six Players from Deep Creek received positions on the first team, they were Scott Stout, John Thornburg, Otis Copeland, Eric Brown, Shannon Place and Philip Coleman, Jeff Kretzer, Tony Stephen and Elemuel Garrison made the second team.

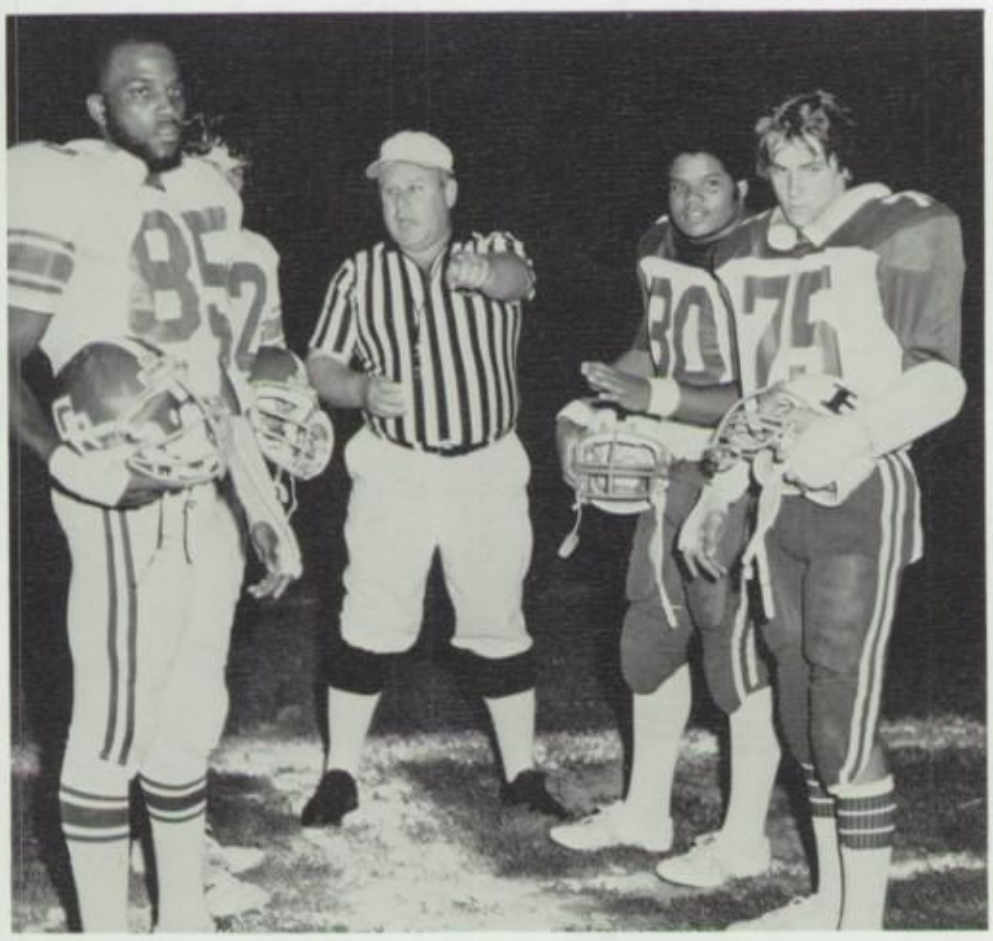




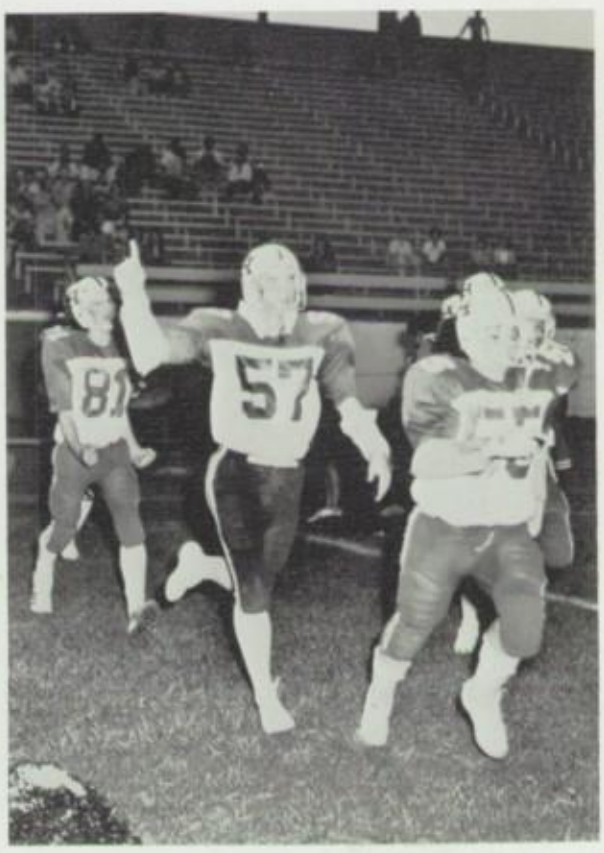
Coaches Creekmore and Koonce keep a sharp eye on the game.

Tony Stephen made his way past the Green Run defense for a touchdown.

A swarm of Hornets celebrate their first victory.



It's heads or tails, as Shannon Place and John Thornburg wait to see who kicks off.



Coming from the lockeroom, Bob Burdick, Tim Mizell and Brian Buchanan are raring to go.

Before the game, cheerleaders wait for the football players to come out, to cheer them on.

Hornets Third Best Season

Several players including Scott Stout and Otis Copeland were chosen for the All Southeastern District team. Receiving positions on the second team were John Thornburg, Jeff Kretzer, and Elemuel Garrison.

Otis Copeland was the only player from Deep Creek to receive a position on the All Tidewater team.

Hornet spirit was boosted by the efforts of the football team as thousands of fans came out to support the Hornets in several key games. It was a season to be remembered as the Hornets were only points away from winning the district title.

Big Foot! Gary Pope attempts to make an extra point against Churchland.

A Winning Season

The Deep Creek Jr. Varsity Football Team finished the season with a record of six victories and one loss. The record gave the Hornets second place in the Southeastern District Standings.

Coaches of the team were Eugene Babb, Head Coach, and Richard Grayson, Assistant Coach. This year's team had eighteen freshman from last year's Jr. High Championship Team.

"We had a good season and a fine group of young men to work with. Many of this year's players will be able to move into starting positions with the Varsity next year," noted Coach Babb.

Outstanding linemen were Waverly Carter, James Spiler, Tim Sawyer, Carl Rodgers, Tony Lewis, and Rodney Parker. Outstanding backs were Dana Hillman, Antonio Jones, Shawn Lancaster, Wayne Downim, Dwayne Downing, and Chris Sanford.

Coach Babb's four year record as a Head Coach now stands at 17-3-3.

This year's Jr. Varsity scored a total of 160 points and gave up only 45 points, defeating each team by the average score of 26-7.

Later in the game, Great Bridge learns you can't step on a hornet without being stung.

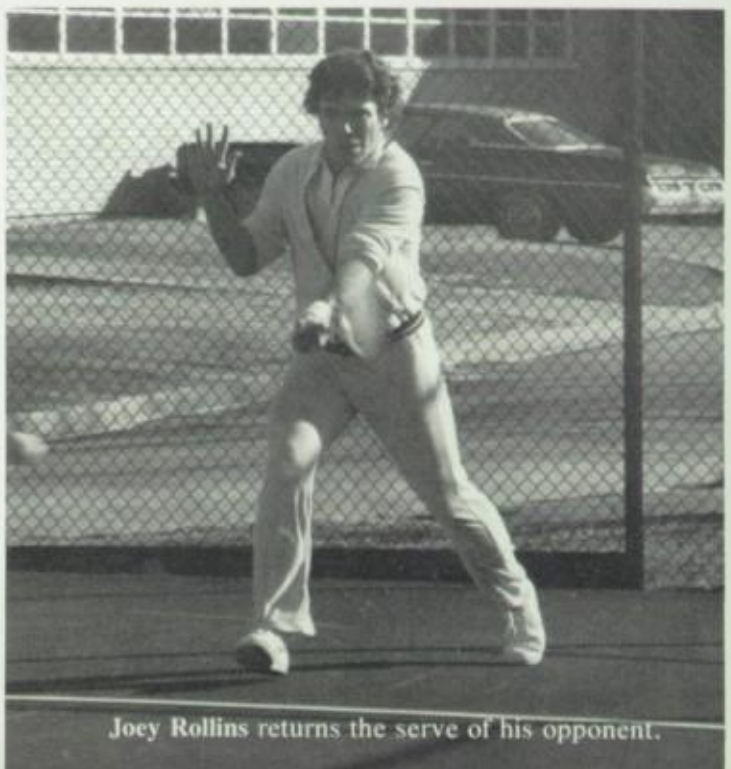
Strong All The Way Through

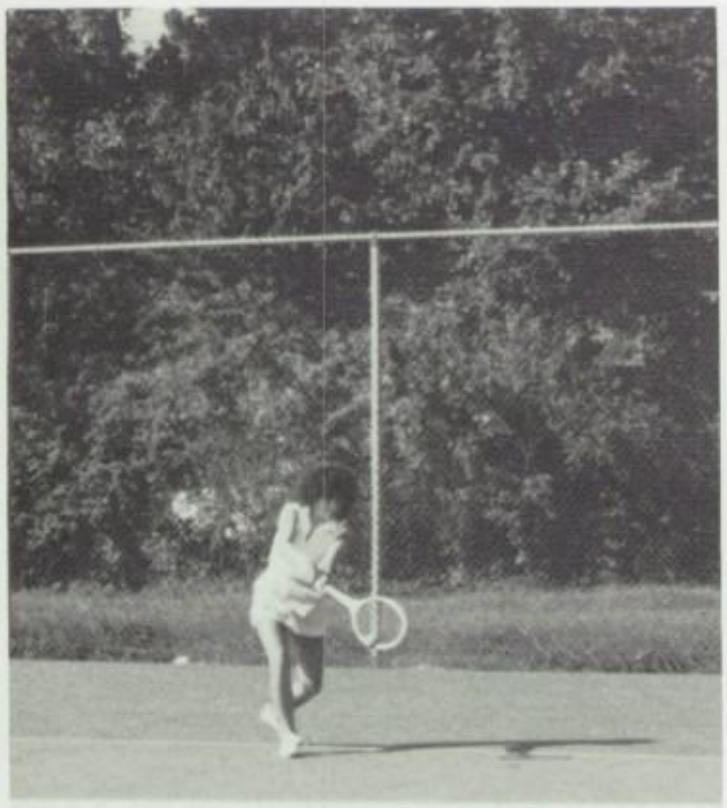
The Boy's Tennis Team has high hopes this year. The top six players are very strong and the team itself is strong all the way through.

The coach of the Boy's Tennis Team this year is Harry Rest. The co-captains of the team are Steve Holmes and Paul Matthews. The team practices everyday Monday through Friday and sometimes on Saturday.

Park of the Tennis Finals will be held at Deep Creek. All attitudes from the team were optimistic except the opinions of the courts. The courts are said to be in bad shape.



Joey Rollins returns the serve of his opponent.



A Building Season

There were many obstacles to overcome as the Deep Creek Girl's Tennis Team began their season.

To start off, they lost most of their outstanding players last year at graduation. The tennis team had to practice on the Cradock courts, because our courts were in the process of being redone. The new players were inexperienced, but they performed to the best of their ability. The team had a rough year; and the returning players have high hopes for their next season.

The coach this year was Coach Strauss. She expressed her feelings by saying, "It was a building season and the team had many problems."

Traveling Cross Country In Style

The long hours, and practicing 5 days a week paid off for the Cross Country team. They finished a good season of 4-2 this year. The team has improved since last year with the top seven men under 18 minutes.

Much of the success of the team this year is due to the fact that there is a great deal of dedication and spirit in the group.

Cross Country scores are determined by time. The runner who goes the assigned distance in the shortest length of time wins the meet.

Keeping Track of Things

Pounding feet hit the ground as the varsity track team moved around the track. Swiftness and agility were necessary for our team, who had the most difficult schedule in the district.

This years hopes for a winning season developed early in the spring. Coaches Ziengenfuss and Caudill both felt the team was very victorious this year.

Hornets Top Contender

In the pre-season rankings for district basketball, Deep Creek's basketball team was among the top contenders. The Ledger-Star also ranked the Hornets as number one in Tidewater for a short while, for the first time in Deep Creek's history. Some contributed this ranking, to the experience of the team, as well as the size.

Starting out on a good note, the Hornets won their first four games. Beating Maury in the opening game 76 to 66 and Great Bridge 74 to 68.

In the Hornet Christmas Classic Deep Creek defeated Norfolk Catholic 72 to 57 and Great Bridge 83 to 66. They finished the Classic second after a depressing defeat against Mackin.

After the Tournament, the Hornets beat Oscar Smith, Indian River, Granby, and Western Branch, with several close, exciting games. Deep Creek; however, proved to be the best team and came away victorious.

In several games, players reached well into double figures. John Cox scored 25 points in the game against Western Branch and Gerald Perry had 29 points in the Christmas Classic against Great Bridge.

Competitive Season

After predicted to finish in the top of the district teams, the Varsity Hornets suffered many setbacks.

Finishing fifth in the district, the Hornets had many close games. One such game was with Great Bridge, when a lucky shot at the buzzer put the Wildcats ahead.

The Hornets had many outstanding players including Gerald Perry, John Cox, and Damond McCann. Gerald was chosen for the All Chesapeake team, with John and Damond receiving positions on the second team. Gerald also was chosen for the second team, for district and got an honor mention for the All Tidewater team. John and Damond received honor mentions for both teams.

Generally, the basketball team had many exciting games. The spirit of the fans supported them through many games.

LADY HORNETS STING'EM ALL

This was the best basketball season Deep Creek girls have ever had. They were undefeated on the court, although they had to forfeit seven games. They were the season District Champions. The team went on to capture the District Tournament title by defeating Indian River 80 to 36, then the Regional Tournament by defeating Kecoughtan in the finals 61 to 57. The next step for the Lady Hornets was the State Tournament in Charlottesville, VA. Winning both tournaments and going to State was a first for the Lady Hornets. Their tremendous success was due to excellent coaching by Miss Straus and Miss. Chase, the team's speed and the teamwork. The southeastern district will long remember the buzz of the Lady Hornets. The whole team will be returning next year with the exception of the Senior Tri-Captains Jackie Christie, patty Dwyer, and Eleanor Gaines.

J.V. Finish Near Top

Both the boys and girls J.V. basketball teams did exceptionally well this year.

The boys finished the season with a 7-2 record, and tied for second place. Their only loses were to Indian River and Cradock, both which were in overtime.

The girls ended the season in third place, with a 7-2 record. Their loses were to Great Bridge and Indian River.

The Varsity coaches are very pleased with having J.V. teams, which prepare the players for the Varsity team.

Volleyball Team #1

For the first time in the history of Deep Creek, an athletic team remained undefeated throughout their season. It is not surprising that this team happened to be the Girls Volleyball team. The team, as a whole, played with experience and skill to defeat their contenders in eight games. Many credited their victories to the quality and determination of the team and Coach.

Since volleyball is not developed all throughout the state no regional or state playoffs were held; and the Hornets had no chance to prove themselves to others. Deep Creek is proud of the Lady Hornets and hopes to see them remain at the top for years to come.

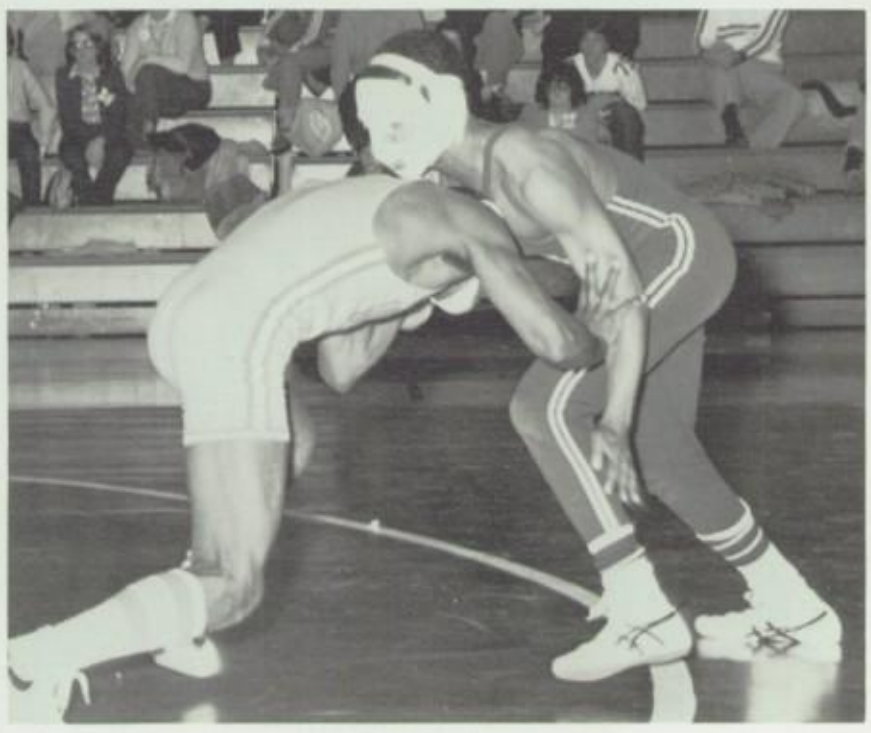
Success of a wrestling team can depend on many factors. This year our team had all the elements of success.

First of all, coaching is important. Mr. Olah has coached for 13 years. His experience has made him respected by the wrestlers and they have felt confident with his judgment.

Second, there were many returning wrestlers. Obviously this is why out of 12 wrestlers, ten were ranked in first, second, or third places in the district at the beginning of the season. Dedication plays an important part in a wrestler's success. Cutting weight and working out are all part of the sport, and they both mean sacrificing in order to reach a goal.

Finally, fan support topped off the list. The wrestlers were supported by the coaches, teachers, students, and parents. Their enthusiasm was evident at all the matches.

After defeating his opponent with a pin, Scott Stout is congradulated by the team members.



Eddie Woods uses his knowledge of moves to trap his opponent and go for a pin.

Rick Vick sets up a takedown for two points.

District Champions

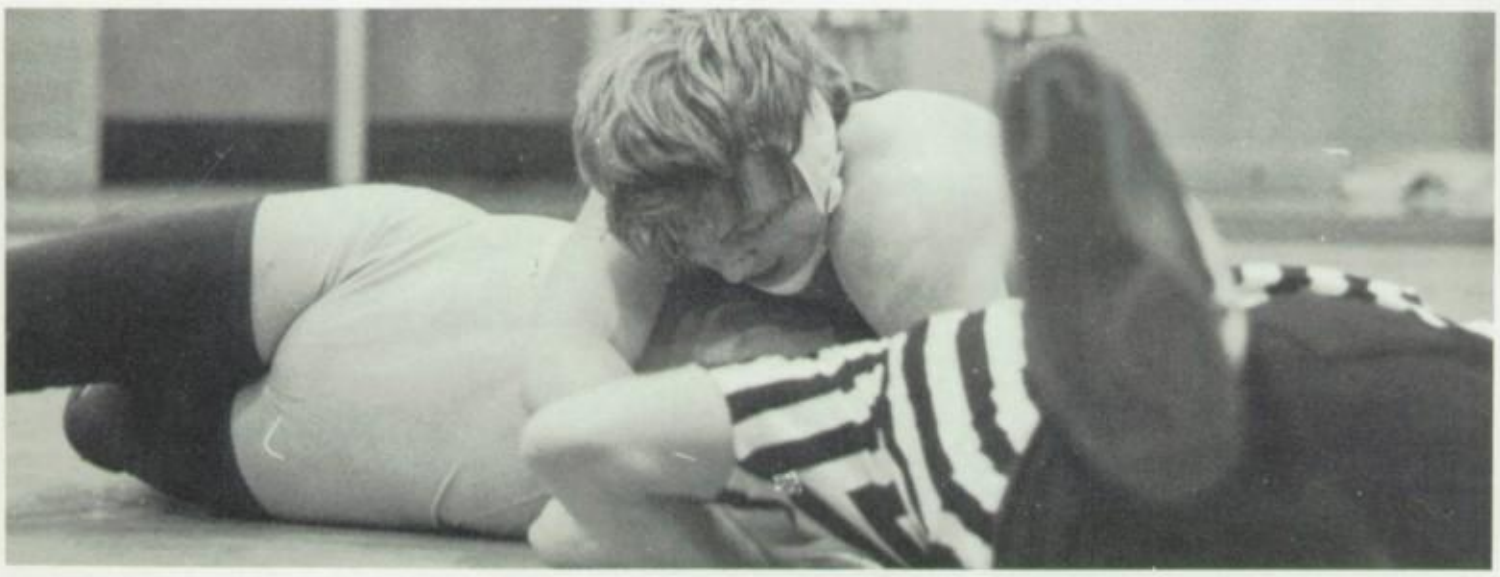
With six champions, Deep Creek lead the way in the Southeastern District piling up 238½ points and beating the second place team by 96½ points.

Darryl Cuffee, Richard Capps, Rick Vick, Chuck Gometz, Scott Stout, and Eddie Woods won championship bouts in their weight classes. Also in the district, Keith Rich was second, Donald Earwood, Billy Athey, and Billy Waller were third, Arthur Whitaker was fourth, and Billy Schleeper was fifth.

The eleven wrestlers ranked first through fourth went to the regional tournament. Darryl Cuffee and Richard Capps each won championship titles and Scott Stout ranked second while Eddie Woods followed in fourth place.

Darryl, Richard, Scott, and Eddie advanced to the state tournament in Fairfax. Darryl captured his second consecutive state championship and finished his high school career with a 70-3-1 record. Richard defeated his opponent 12-6 to capture his first state title. He wrestled a perfect season finishing his junior year with a 23-0 record.

Mr. Olah said that all of the wrestlers worked hard and this was his best balanced team.



He's in control — Eddie Woods holds his opponent for a pin.

Rounding out the bases

Although a large number of players graduated last year, many outstanding players returned. One such member is Eddie Woods, who has played Varsity Baseball for 2 years. This year as always the baseball team practiced long hours to improve their playing abilities after school.

After a number of scrimmages the Hornets were ready to begin a district games with much determination.

Coach Swisher instructs players on signals before game with Norview.

Girls On The Move

Finishing the regular softball season with an 8-1 record last year, Deep Creek tied with Great Bridge for the southeastern district title, but came in second after the championship game.

The four key players who graduated were Sonya Freeman, Tracey Thompson, Sheryl Ryalls, and Cindy Plaster (best pitcher in the district). Returning players included Barbara Teller, Robin Wall, Laura Skyes, Teresa Plaster, Donna Scott, Shelia Hillman, Denise Exum, and Dahlia Smith.

These returning players combined forces with some new talent and together, made the '80 season a successful one.

Put it right here! Laura Skyes is praying for a soft, slow ball as she stops to make the catch.

Celebration — Lady Hornets proved that they had a season to celebrate for; finishing it with a 8-1 record.

Every one wants my autograph! Coach Parker keeps track of plays at Girl's softball game.

Gymnasts Tone Up Muscles

The 1980-81 school year marks the fourth year of gymnastics competition at Deep Creek High School. The team is coached by Glenn Koonce and led by captains Susan Tibbetts, Rebecca Culpepper and Sonia Hardee. A creative mind, the development of all major muscle groups, and a positive attitude are the ingredients that make up a successful gymnast. These traits were seen in all of the gymnasts at Deep Creek this year.

Just For Kicks

This year, Deep Creek's Girls and Boy's Soccer Teams are off to a great start. Finishing last year with winning attitudes, the team is really looking up. The most promising players from last are again this year, showing the new members the ropes.

Dawn Knox shows us the skill it takes to be a captain.

Quick reflexes and speed are what Doug Full uses to make a goal.

Girls Soccer — Front Row — Lisa Brown, Teresa Smith, Wendy Baxendale, Sherry Thomas, Chris Halter, Kelly Howard, Leslie Abshire, Robin Kindler, Sherri Smith. **Second Row** — Bonnie Wright, Janell Powell, Wendy Johnson, Pam Midget, Terry Haight, Coach Grayson, Lisa Stewart, Sharon Allred, Ronny Gilligan, Dawn Knox, Teresa Staton, Teresa Kindler.

Sherri Smith practices diligently every day after school.

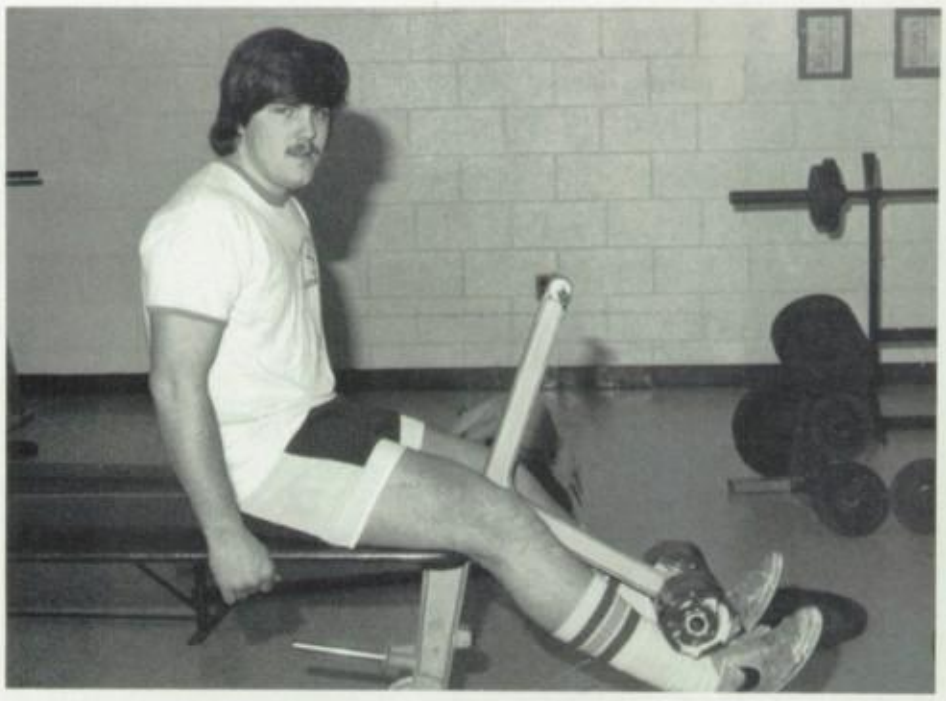
Tony Davis and James Cherry get a few good stretches to prepare them for an exhausting practice.

Boys Soccer — Front Row — Coach Koonce, James Cherry, Wilbur Gray, Bobby McIntosh, Tony Davis, Orlando Custis, Ricky Ault, Richard Lockhart, Jack Michonski, Alvero Maxvera, Brian Cain, Ivan Gobern; **Second Row** — Tim Mizell, Sonny Plumb, Shannon Place, Ricky Caruthers, Jerry Michonski, Chip Jones, Ricky Frank, Doug Full, Isaac Gobern, Don DeSimone, Jamie Wescott, Perry Harris.

Building Muscles Along with Morale

During weight-lifting season, every Tuesday and Thursday, many of Deep Creek's young men were found in the gym working out to build their strength and endurance. Most of them saw it as self-satisfaction as well as an honor to be a part of the team.



Ben Gillikin does leg lifts as a part of his routine practice.

Golfers Tee Off in The Swing of Things

Concentration, skill, and practice were qualities that made up our 1980-81 Hornet Golfers. Many hours were spent on the Bide-a-wee golf course working on improvements in their game. These all seemed to pay off in the end as they acheived much success and built better skills for the returning golfers next year. The only returning senior was Kelly Wood who put forth his effort and knowledge to help with the teams success. All in all the team represented Deep Creek with great pride.

Ray Anderson concertrates on his next shot.

Cheerleaders Build Spirit

The main purpose of a cheering squad is to promote school spirit; and that's exactly what the J.V. and the Varsity cheerleaders, along with their sponsor Mrs. Riddick, have tried to do. They have sold ribbons and pins for various sports and have stood behind their school for better or worse.

Each summer both squads attend a cheering camp, where they learn a variety of cheers, chants, and stunts. This year the Varsity Cheering Squad won the Award of Excellence, which is the highest award available from NCA Cheering Camps. The J.V. also gave an outstanding performance and won two red, a white, and a blue ribbon.

Not only did the cheerleaders support their school but they also held a clinic for Recreation Cheerleaders at the Deep Creek Recreation Center. The Varsity and J.V. squads taught the community cheerleaders cheers, chants, and how to incorporate stunts in a cheer. They also participated in the Christmas Parade in Great Bridge on December 6, 1980.

One two three — jump! J.V. cheerleaders perform during intermission at a home basketball game.

"Just look at that score!" Laura seems pleased with the winning touch down as DC defeated Western Branch.

Get that ball!! J.V. cheerleaders cheer on their team.

STUDENTS

Students Show Their Best

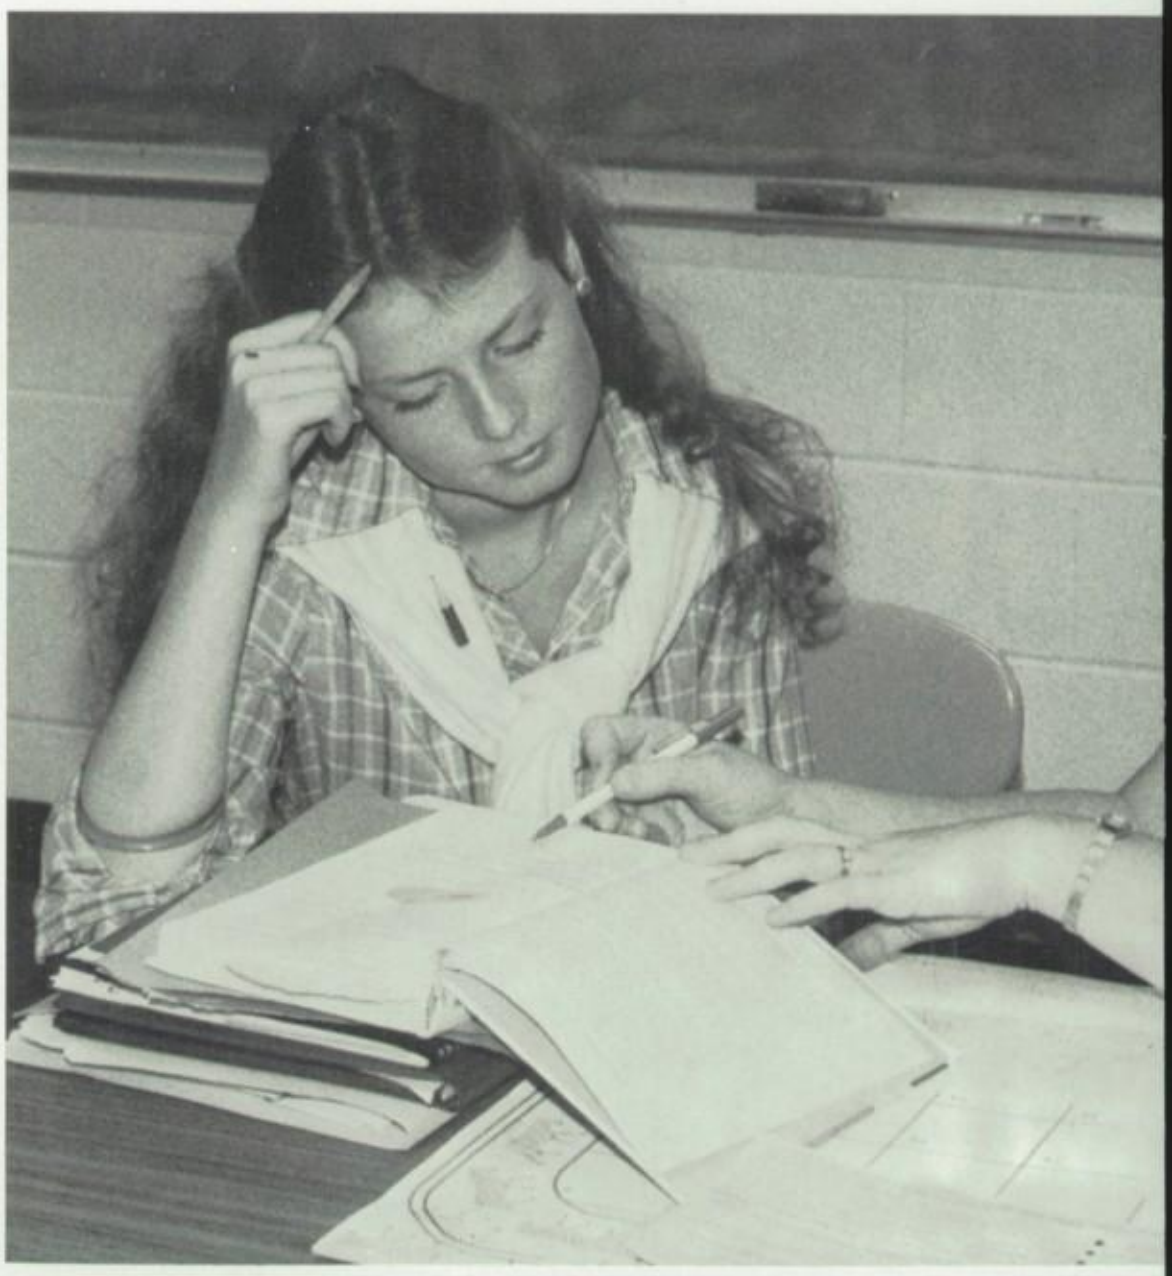
Students led a weary life — full of test, homework, taking notes, and studying. Sometimes it seemed as if the confusion and chaos of student life would never ease up and take a break. Everyone anxiously awaited for fridays, when they could lean back, kick off their shoes, and enjoy themselves for a while. But friday nights did not always mean staying away from the school. Many students came back for athletic events, dances, or other special events.

Many spent their weekends with friends and others with their families. Some went to Miltons or Hardees just to have a good time.

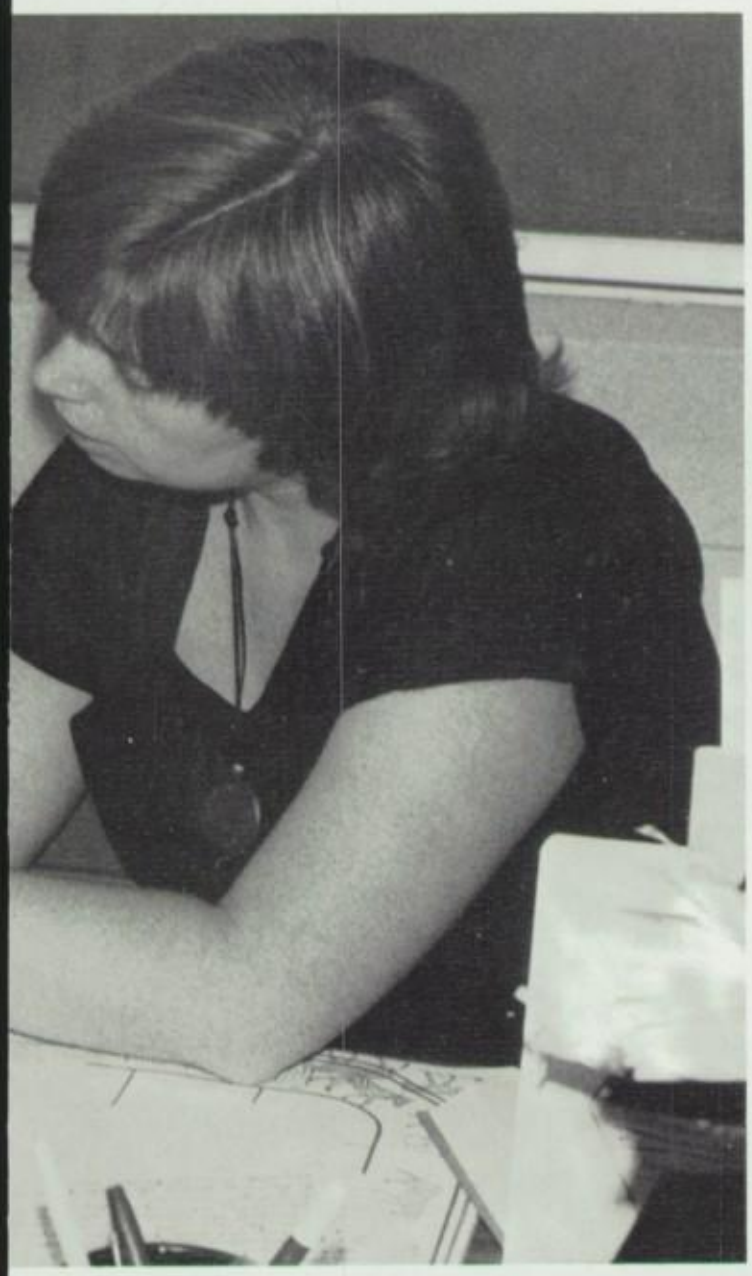
However relaxing the weekends were most students recognized the need for their education and put forth efforts to improve themselves.

Along with the need for education, many found a need to be involved. Some found athletics to be the answer since it required alot of hard work and practice almost everyday. Others involved themselves in a variety of clubs ranging from service to artistic clubs.

While every single student did not get directly involved in the stream of activity here a majority did. They showed just how much a Hornet can do and displayed the best look ever.



Can you translate that? Becca Culpepper and David Cota rest for a friendly chat, David with his English-Spanish dictionary to help him out.



Math can be fun? But perhaps Kimmy Kight finds it too difficult to enjoy as Mrs. Beadles helps her with a problem.

Swinging Nancy. Nancy Fulton enjoys a pleasant afternoon at the park, just swinging in the breeze.

G is for Gloria. Gloria Robertson creates a masterpiece in art.

Our Year At The Top

The Senior Class of 1981 have proven themselves in a way in which no one else can. They have shown that they are a hard-working group of individuals who care. They have been led by two terrific sponsors; Mr. Glenn Koonce and Mrs. Charlotte Riddick. With their help this class has been a success.

This year the Senior Class has sold class mugs and class t-shirts along with other items to benefit the 1981 Senior Banquet. Good Luck Seniors!

I'm Coming Out — by Diana Ross

I'm coming out.
I want the world to know,
Got to let it show.
I'm coming out.
I want the world to know,
Got to let it show.
There's a new me coming out,
And I just have to live,
And I wanna give.
I'm completely positive.
I think this time around,
I am gonna do it
Like you never knew it.
Oh, I'll make it through.
The time has come for me
To break out of the shell.
I have to shout
That I am coming out.
I'm coming out.
I want the world to know,
Got to let it show.
I'm coming out.
I want the world to know,
Got to let it show.
I've got to show the world
All that I wanna be
And all my abilities.
There's so much more to me.
Somehow, I have to make them
Just understand and I
Got it well in hand
And oh, how I've planned.
I'm spreading love
There is no need to fear
And I just feel so good
Every time I hear
I'm coming out.
I want the world to know,
Got to let it show.
I'm coming out.
I want the world to know,
Got to let it show.

Facing Graduation!
Faces old and faces of new
people we know and people we knew
Growing together then drifting apart,
Always an ending and now a new start.
At graduation we all grow nearer.
And all our friends seem so much dearer.
As we say our final good-bye,
One last embrace and one last cry.
A "keep in touch" and a "promise I will"
A "remember when" but, better still
A place in my heart, you'll always stay.
This is what's said as we go on our ways.

Seniors Have Clout

Sitting pretty. The SCA officers, Virginia Windley, Bonita Johnson and Crystal Walker sit back in the T-top Trans-Am and enjoy the Homecoming Parade.

Seniors had looked forward to the Homecoming event although the week of preparation was very hectic. Each night flower parties were held along with the voting of Senior Superlatives and the Homecoming Queen. The school pressures kept building up but that didn't stop the hard working dedicated Seniors from putting out all effort. The night before was spent putting the last bits and pieces of the float together. Most of the Seniors did not go to bed until Friday morning. However, the hard work paid off. The Senior class float won first place for the best representation of the theme "This Is It." Debbie Walters, Pam Langley, Warren Hood, Sabrena Hardee, and Jerome Cozart put the finishing touches on the Sr. float.

Promising Students

Sabrena Hardee and Amber Umberger attended the Model Executive Government Conference this summer at the University of Richmond. There was a total of 99 students from all over the state of Va., but only 4 from Chesapeake.

The students there held offices of State Officials and different interest groups. For example, Sabrena held the office of Lt. Governor. The purpose of the Model Executive Government Conference was to learn about the legislative branch of the Va. government by simulation. The students met and discussed a bill concerning the need for higher educational standards and teacher qualities. They held hearings to reach a conclusion in the bill. They also met the people they portrayed and toured the capitol.

. . . are Honor Graduates!

One of the greatest moments of a students life is graduation, the finale' of high school! During the evening sixty-two students will walk down the aisle capped, gowned and trimmed in gold to receive their diplomas. The gold represents their great scholastic achievement which they have retained throughout their four years of high school.

Some students might have had to sacrifice a few dances, dates or other enjoyments to maintain that three point average. However, the sacrifices plus their intelligence had paid off which made the work worth their while.

These students had put their best foot forward and stepped into the right direction. They received their golden opportunity to prepare for a new and challenging adventure ahead. These are the Honor Graduates of the class of '81, the creme of the crop!

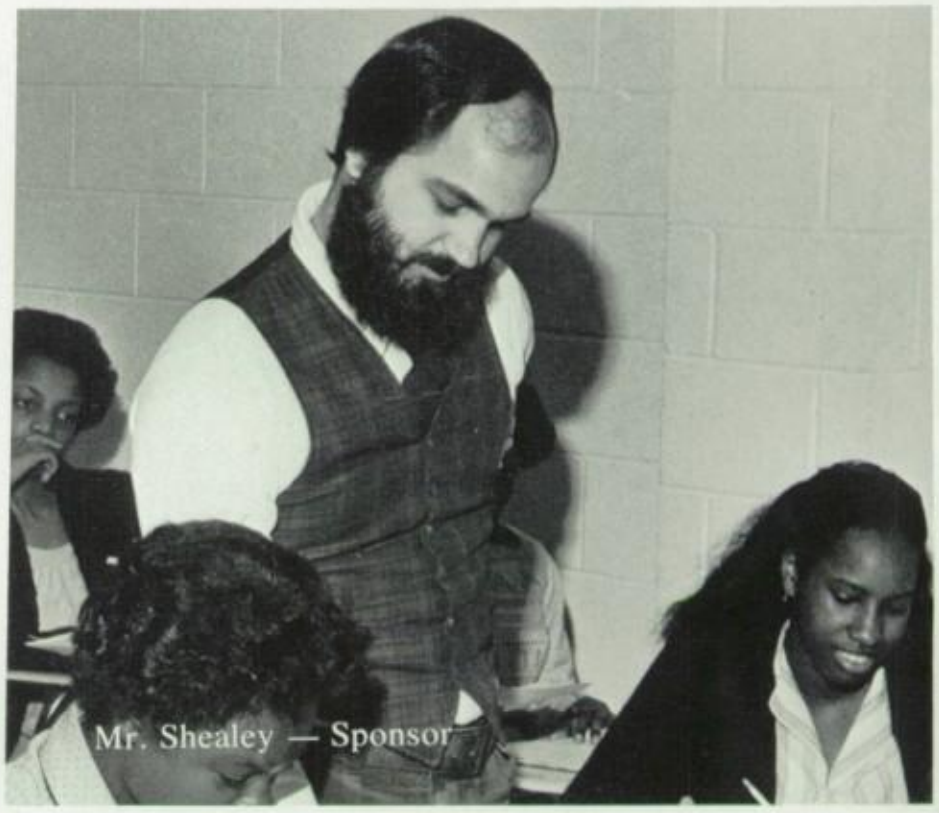
Junior Class — A Step Toward The Top

Mrs. Black — Sponsor



Mr. Shealey — Sponsor

The junior class sponsored many fund raising acts this year. To make the prom a great success, popcorn, candles, and spices were sold. During the football and basketball seasons, dances were held after the games.

The junior class also took great pride in winning first place for "The most decorative float," during homecoming. For most all juniors, this year has been a learning experience as well as fun.

Junior class officers: Debbie Lassiter — chaplain, Teresa Smith — treasurer, Sherrine White — vice president, Pete Kramer — president, Fatimah Akram — secretary, Sherryl Lockamy — reporter, and Sonia Hardee — parlimenterian.

Spirit Week — A Big Success

Many of Deep Creek's students and faculty participated in a week full of fun and fantasy, sponsored by the 1980-81 Student Cooperative Association.

During Spirit Week, the halls of Deep Creek High School were transformed into a hangout for urban cowboys on country western day, greasers and teeny boppers on fifties day, and high fashion sophisticates on dress up day. Other activities included club distinction day and purple and white day when the Hornets showed their true colors.

During country and western day, Kimmy Kight seems to have captured a school villian, Debbie Kumm.

Juniors Give A Little Extra

Many juniors participated in school activities that took a lot of extra time and hard work in order to make them a success. A few of these include the class officers, the yearbook staff, the prom committee, and the stage crew. Although extra hours were required of these people, all of them saw it as a learning experience as well as a time for fun.

Without their talents, Deep Creek High School wouldn't mean what it does to many students that attend.

Juniors, Patty Aaron and Lee Boyce enjoy their experience of the annual yearbook staff seminar held in Virginia Beach.

1980-81 Juniors — Show Responsibility

Being in the middle of the road, Juniors step out of the rookie status of sophomores and into a more released and responsible role. This one year difference gives juniors many advantages over sophomores. These enjoyable privledges include having the choice of taking six or less classes, being granted the privledge of driving to school rather than the hassel of catching the bus every day, and the junior class as a whole is allowed more fund raising activities.

Juniors, Chuck Vandyke and Richard Zortman, carry out the R.O.T.C's job of filling the snack machines.

Juniors Add Spice To Hornet Life

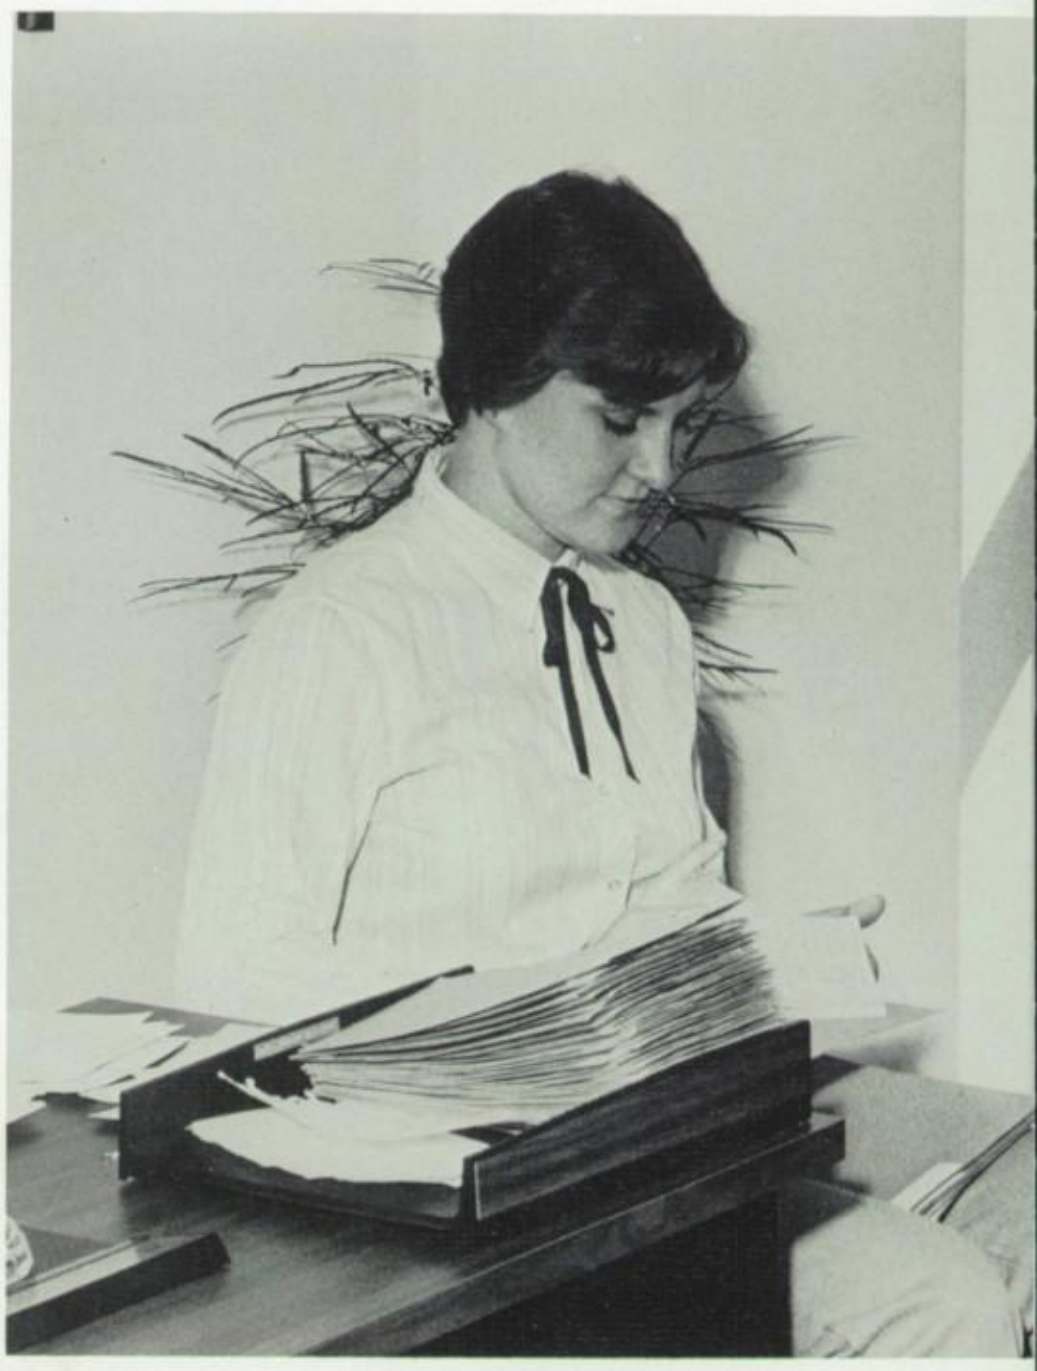
Every friday morning during the 1980-81 football season, students, cheerleaders, football players, and faculty filled the cafeteria with cheers and shouts, showing their support for the upcoming game that night.

As always, the Hornet spirit shined through, boosting the team to an eight win-two loss season. With all the support that the hornets received, they are proud of their record for the season and hope to receive the same support in the many other sports at Deep Creek.

Juniors: Twyla Bryant, Yvonne Schroeder, Charlette Brabble, Donna Flinn, and Andy Salita cheer the Hornets on during a friday morning pep rally.

Juniors Help Out During the Day

During a normal day at Deep Creek High School, many students are hard at work in the main office, guidance office, and attendance office helping the faculty with things that are needed to be done. The job of an office helper includes running errands, filing papers, clarifying information, and answering phones. Most of these students are learning things that will help them out in their future plans. Our office helpers are an important part of the administration at Deep Creek High School.



Junior, Twyla Bryant, files records in the attendance office as part of her daily routine.

The Junior Year — A Seeking Time

What are my future plans? Should I go to college or should I get a job? These are a few of the questions that all juniors ask themselves.

As they look back on 3 years, they see hard work and fun, but as they look ahead to the one, most important year left for them they realize that this will be the year that could make all the difference.

College or a job, it could be all the difference!

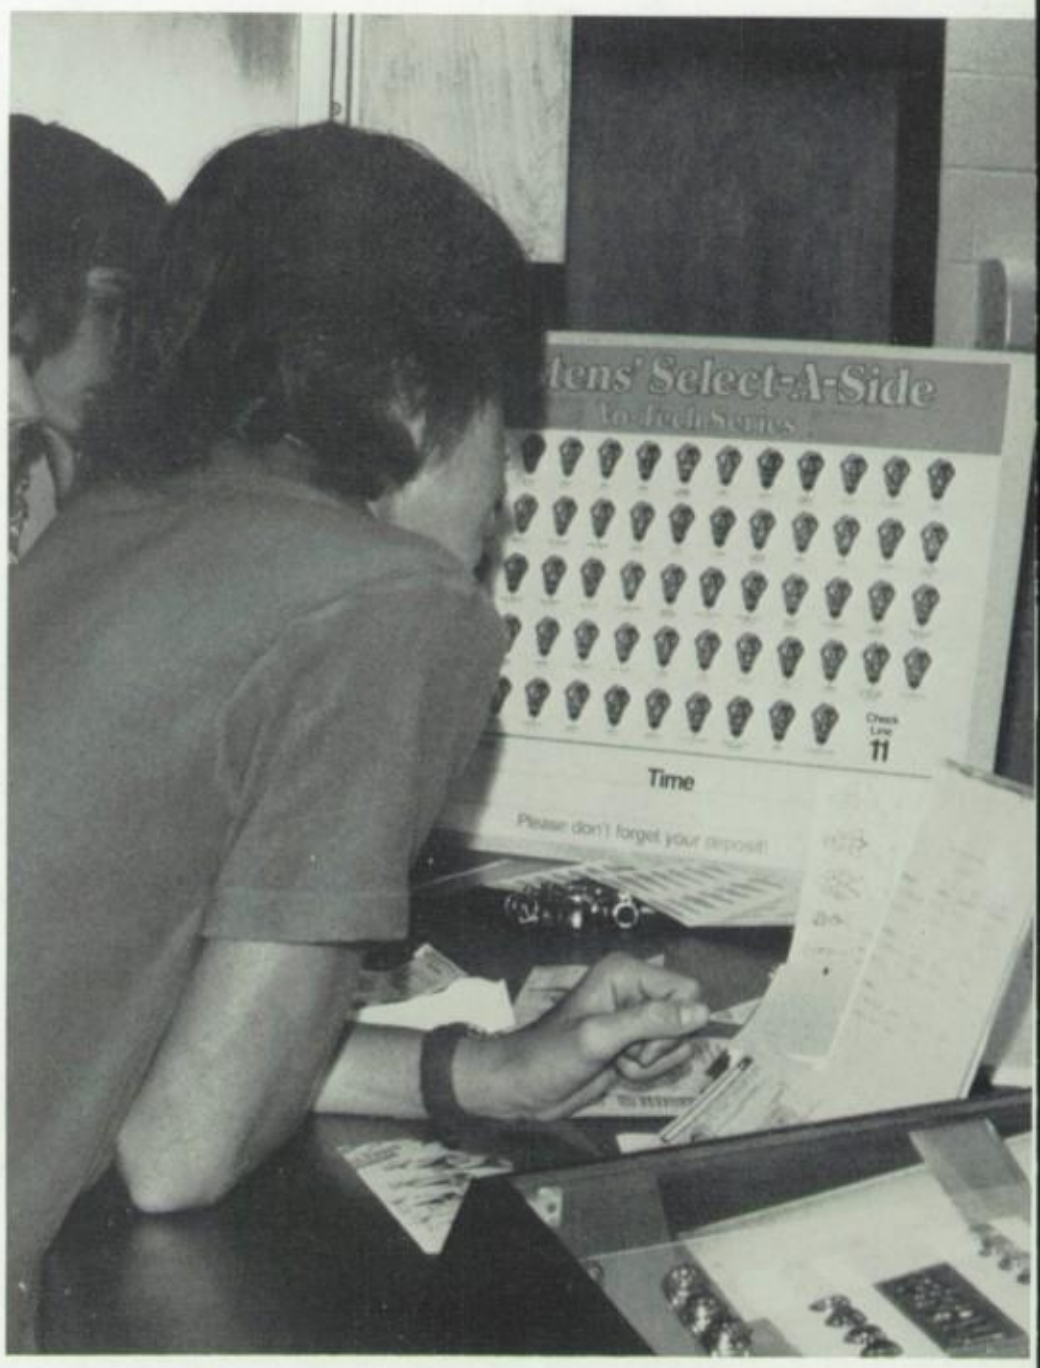
Junior, Butch Baker, looks up college material in order to plan his future.

Class Rings!
A Juniors Keepsake

For most of the year, Juniors must tolerate the Senior class and the fact they they are only "second in line." But for each Junior there is one day that makes all of their patience worthwhile. This is the day that even beats a sudden day off in May for snow; it is the day their class rings arrive.

This year's Juniors received their class rings on December 12; rings that were very special in that the 1980-81 Juniors were offered a greater and more personalized selection.

Watch out Seniors, we are on our way!!!



Junior, Tracy Bass finally decides on his custom made DCHS class ring.

College Bound Juniors Discover S.A.T. Tests

Many juniors came together to experience something new and challenging. They were given the P.S.A.T. and S.A.T. tests. When the scores arrived for the nervous juniors, they all began to really plan their futures.

Junior, Sonia Hardee, Doesn't seem to let the camera break her concentration on P.S.A.T's.

Juniors Graduate One Year Early

Each year there are a few juniors that decide to step out of their class that they have been in all their school years and jump up to the class that has always been ahead of them. For most of them it is to get their career going or to allow them to apply for college one year early.

This can be one of the most important decisions they make in school dealing with their futures and plans for life. In many ways it takes a very mature person to make this choice and to carry it out, because stepping up a year early means facing problems of life and many decisions at a faster pace. Overall graduating early is a very personal and individual choice that should be based on the person and by the person thereself.

For these juniors they can now consider themselves seniors and a part of the "Class of 81!"

Performance with the Stars

"The new Miss Deep Creek, Debbie Lassiter." Dorie Peters placed as 1st Runner-Up while Karen Wahrenburg placed as 2nd Runner-Up. Honorable Mentions went to Sheryl Lockamy and Robin Smith. Renita Pierce was awarded "Miss Congeniality".

The contestants were introduced during their production number performed to the theme from "Star Wars". Each of the girls modeled Casual Wear which was followed by the Talent Competition. The final competition of the night was the Evening Gown Competition, where each girl showed her individual taste. Before the pageant the contestants were interviewed by the judges.

Special appearances were made by Chip Jones, Mr. Deep Creek 1981; Tracey Thompson, Miss Deep Creek 1980; Charlette Brabble; and Derek Jones. The Master of Ceremonies for the evening was Mr. Drogus.

Future Leaders

Being the first in line didn't slow the sophomores of 1980-81 down at all. Through the year the officers and the class worked hard to make their year a success. Many fund raising projects were completed by the sophomore class. One of their biggest money raisers was the selling of key chains which brought their financial standings up greatly. The sophomore class has been hard at work this past year and their efforts have finally paid off. With all the work they've done, this year was certainly a great accomplishment and a sure success for them.

A Night Of Excitement

Suspense and thrill the night of the Mr. Deep Creek Pageant were felt by the audience, the stage crew, but most of all by the nine contestants.

Chip Jones said participating in the pageant was alot of fun and he found "the excitement the night of the pageant" to be the most enjoyable part of the production.

The nine contestants who participated in the Drama Club activity competed in several categories.

"South of the Border" was the theme and the show opened with the production number in which the nine young men were dressed in jeans and hawaiian print shirts. It continued with a personality contest.

Next came the talent competition. Talents included dancing, a karate demonstration, roller skating, and musical talent. In addition to this talent, there were also others who entertained. The Drama Club put on a skit. Donna Flinn and Yvonne Schroeder sang "The Rose" and the theme from "Ice Castles." Derek Jones also entertained the audience singing "Can't We Try."

The contestants were interviewed and finally, the judges selected the winners. Chip Jones was named Mr. Deep Creek, Eddie Adams was first runner-up, Pete Kramer was second runner-up, and Gary Pope was third runner-up. Paul Hoover received an honorable mention.

The pageant was a learning experience for those involved and it was entertaining and enjoyable for those who attended.

Pete Kramer is congratulated by Tammie Abshire after being named 2nd runner-up.

A talented pair — Yvonne Schroeder and Donna Flinn performed twice during the pageant. Here they are entertaining the audience and harmonizing to "The Rose."

A suprising moment — The excitement of the night grew as Chip Jones was named Mr. Deep Creek, 1980.

Joe Gobern, along with Joyce Artis, performed his final modern dance routine as the reigning Mr. Deep Creek.

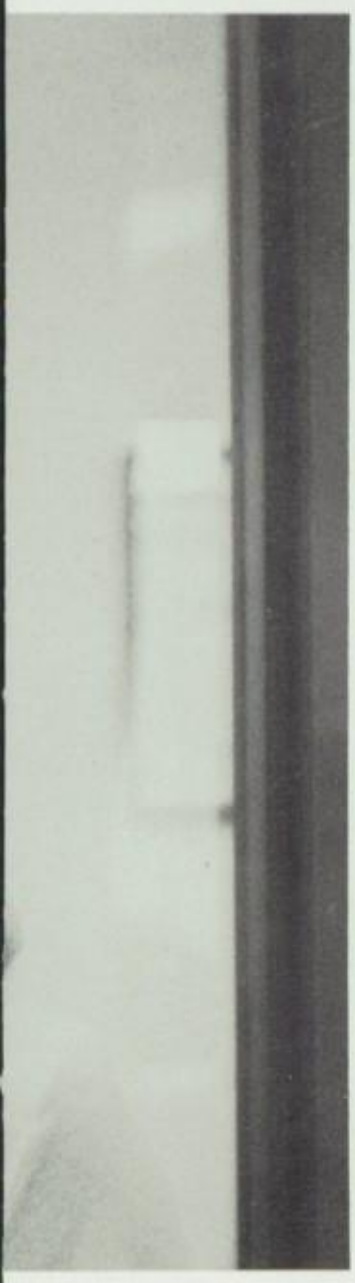
Paul Hoover receives an Honorable Mention for his outstanding performance in singing "My Way."

Participants in the pageant included: 1st row — Robert Fuller, Paul Hoover, Steve Johnson, David Farley, 2nd row — Pete Kramer, Gary Pope, Kenny Wannamaker, Chip Jones, and Eddie Adams.

ACADEMICS

". . . and a chain is formed . . ." Mrs. Canu explains the composition of fats in her Sr. Biology class.

Money makes the world go around! Mr. Hardee gladly receives his pay check from Mrs. Donnally after two weeks of hard work.



Teachers Shine after Hours

After a long day at school, many teachers may feel more like babysitters than teachers. Some go home after school only to leave again for classes of their own. Others spend long hours after school grading papers or sponsoring clubs.

Mrs. Beadles, sponsor of the Honor Society, admits that she takes time out from checking homework and being a sponsor to take pleasure rides in her boat.

Others relieve their tension in different ways. For example, Mrs. Cupitt finds that talking to her pet cats helps her unwind after a hard day. Aerobic dancing seems to be the cure for Mrs. Kerley, school clerk.

Personal hobbies and activities fill up alot of the teachers time. Many enjoy hunting, as Mr. Hardee does. Several spend their time collecting things like stamps and coins.

While teaching may seem like just another job, it puts alot of strain on some people. Just like the students, teachers pray for weekends and vacations. Some believe that the unity of our teachers has helped them alot.

This year the teachers held a faculty barbeque and a Christmas party. They wore purple tee-shirts to promote school spirit and formed a faculty cheering squad, which performed at two pep rallies.

Long after many of the students are gone, some of these teachers will still be teaching, perhaps to our own children.

You all deserve an "A" for effort and determination. Keep up the good work — YOU'RE LOOKING GOOD.

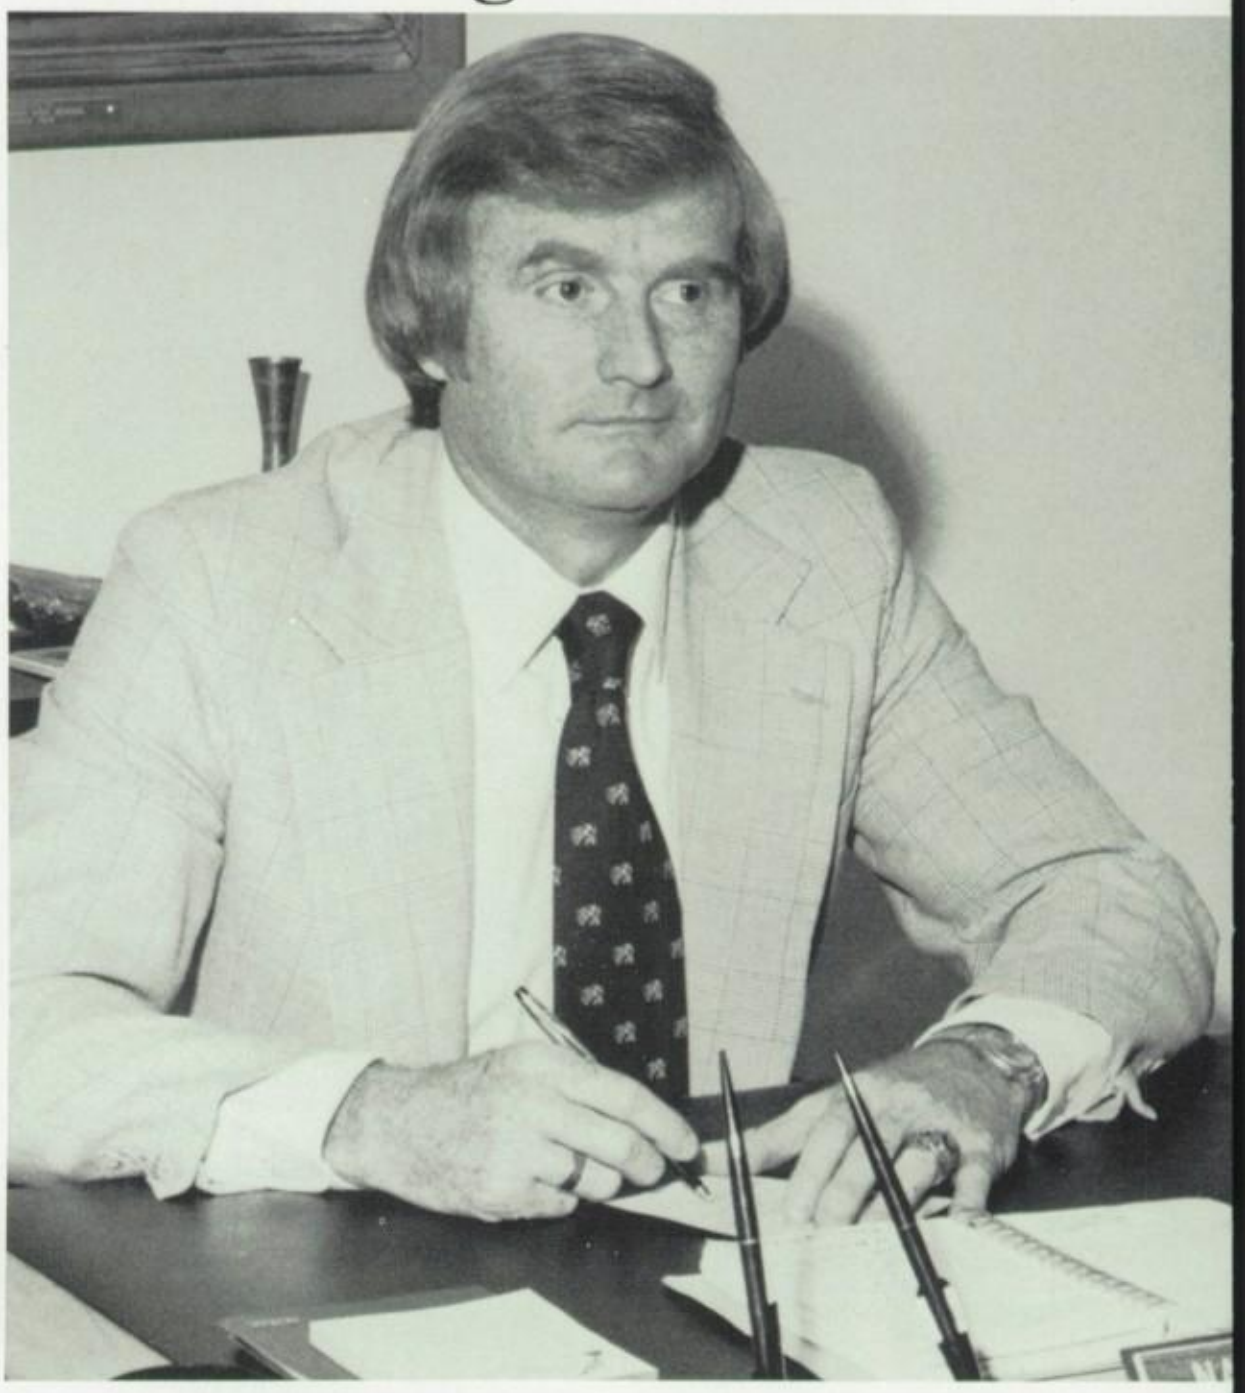
Making and Enforcing the Rules

Mr. Nathan T. Hardee has been the principal at Deep Creek for nine years. His degrees include an A.A. from Frederick College, an A.B. from East Carolina University, and a M.Ed. from the University of Virginia. He has also studied at George Washington University.

Mrs. Lillian Donnally is the Assistant Principal for Instruction. Her degrees include a B.S. from Radford University, a M.S., CAS, and Ph.D. from O.D.U. She has been the National Feature Editor for **The Pheonix** of Alpha Sigma Alpha Social Sorority. She was initiated as a member of Phi Delta Kappa.



Mr. S.E. Lassiter, Assistant Principal has a B.S. degree from N.S.U. and a M.E. degree from the University of Virginia.

Mr. Charles E. Stewart, Assistant Principal, has a B.S. degree in business education and a M.S. degree in Personnel Administration.

Mrs. Jean Kerley is the school secretary. She has an Education Secretarial Certificate from Tidewater Community College.

Mrs. Sybil S. Morgan is the Accounting Clerk. She attended a business college and graduated from the T.C.C. program for educational secretaries. She is a co-sponsor of the I.C.C.

Making a Change

Becoming a counselor, after 13 years of teaching has some definite advantages, according to Mr. Olah.

Mr. Olah, who is also the varsity wrestling coach, became the sophomore counselor this year. He said that it was a change he often thought about and finally decided on last August. He finds it rewarding because he has the opportunity to get to know some students very well. It has also helped in coaching because he is able to communicate with a wider range of people.

Although he is pleased with the change of position, Mr. Olah said he misses teaching. He explained that while teaching Driver's Education, he had an opportunity to work with each sophomore, well enough to know their names and something about them. "I feel that being with them for a given length of time was beneficial to me as well as to them," he said. However, he continued to say that now, he will be able to get to know some students much better, and he finds this rewarding.

Mr. Callahan: A Teacher, Plus . . .

In 1962, Thomas Callahan began teaching at Deep Creek High, then in 1965 he joined the army. He returned to Deep Creek in 1967.

In these years of teaching he has accomplished many things. Currently he is the president of the Virginia Association of Teachers of English (VATE), the Evening School Coordinator, and the English Department Head.

His interest in administration gained him the position of Evening School Coordinator at Deep Creek High. He is responsible for scheduling, ordering books, registration, submitting payroll, and enforcing rules of the school.

As the English Department Head, Mr. Callahan develops curriculum, selects textbooks, establishes guidelines for the English program, selects new English teachers, schedules, conducts meetings, prepares budgets, and conducts inservice training for teachers.

Because of his many years of teaching, Mr. Callahan has had an opportunity to observe the changes in the school and the students. "Deep Creek students of 1980 are just as good as Deep Creek students of 1962," he said and continued to say, "Too much has been said about how schools and students have grown weaker over the years; more emphasis should be given to how they have improved over the years."

The Best

Mrs. Judi Canu has been a teacher at Deep Creek High for 13 years. Although her students have been saying so for years, her peers have finally discovered that she is truly the best.

Mrs. Canu won the award of Most Outstanding Biology Teacher in the State of Virginia. "This award is especially nice coming from my peers," said Mrs. Canu. "It really surprised me because when I hadn't heard anything from the committee before the end of school last year, I though I had lost."

Mrs. Canu submitted a thirty-page essay explaining her feelings and responsibilities as a teacher. The committee sent her a certificate and a microscope.

If it wasn't for her father, Mrs. Canu would not be a teacher. When she was in high school, it was her father who encouraged her to attend college. "My dad said, 'You're going to college.' I just wanted to learn shorthand and become a secretary," she said.

Mrs. Canu said she realized long ago that kids can't be fooled and no matter how hard she tries she can never be a perfect teacher.

She doesn't want a classroom full of "perfect angels" and yet, she thinks she demands more of her students than most teachers.

"If I had one wish it would be to reach every kid in some way," said Mrs. Canu, who tries to do just that. If a student doesn't understand something she always finds a way to help.

Someone Special at DCH

Miss Linda Irons is more than just a French teacher. She's someone special to the students at Deep Creek High. Where can you find a more devoted, ambitious, and enthusiastic teacher?

In her leisure time she takes groups of her students to operas, French restaurants, films, trips, and various outings. She also sponsors the French Club. The highlight of each year is in the spring when she takes a group of students to France for a week. They visit the Eiffel Tower and experience many of the sights and sounds of this European country.

This is Miss Irons' seventh year at Deep Creek High. She said, "I teach because I enjoy working with the students." Recently, she has considered going to Ohio to work on her Ph.D.

Miss Irons is always full of energy and excitement. Her activities include tennis, skiing, sailing, and traveling to places such as Hawaii, Greece, and France to name a few. This year, she also taught an English class for Vietnamese refugees.

Miss Irons lives in Virginia Beach on the oceanfront. Her home reflects her work, hobbies, interests, and many travels. She has such things as slogans and contemporary paintings hanging on the walls. She also has a collection of wines. A flair throughout characterizes her as a most unique person.

Being so wrapped up in her work, you can see her little blue Datsun zooming down the interstate onto Margaret Booker Drive and into the teacher's parking lot at 8:40 a.m. any weekday.

Because of her many travels and various experiences in foreign countries, she is truly a remarkable teacher to have.

A Lesson in Spirit

Teachers know alot about the subjects they teach but, they also know alot about spirit! They proved it at the pep rallies this year.

Dressed in jeans and spirited T-shirts, they cheered for the Hornets at two of the pep rallies.

They were organized by Mrs. Riddick, who taught some of the cheers, with the help of the cheerleaders. The show included "Rock With the Hornets", "Two Bits Four Bits", and a pomp pon routine to "Catch That Hornet Spirit", as well as some stunts.

According to one teacher, the stunts were not easily mastered. They took some practice and sometimes resulted in bruises!

The show was so well received by the students that they were standing on tables and chairs in the cafeteria to get a good view. And who could forget the Homecoming pep rally when students cheered and shouted, "We want Liakos," until he finally somersaulted into the action?

It was a great show to watch and the teachers enjoyed it, as Mrs. Estes put it, "I thought it really got us involved with the students."

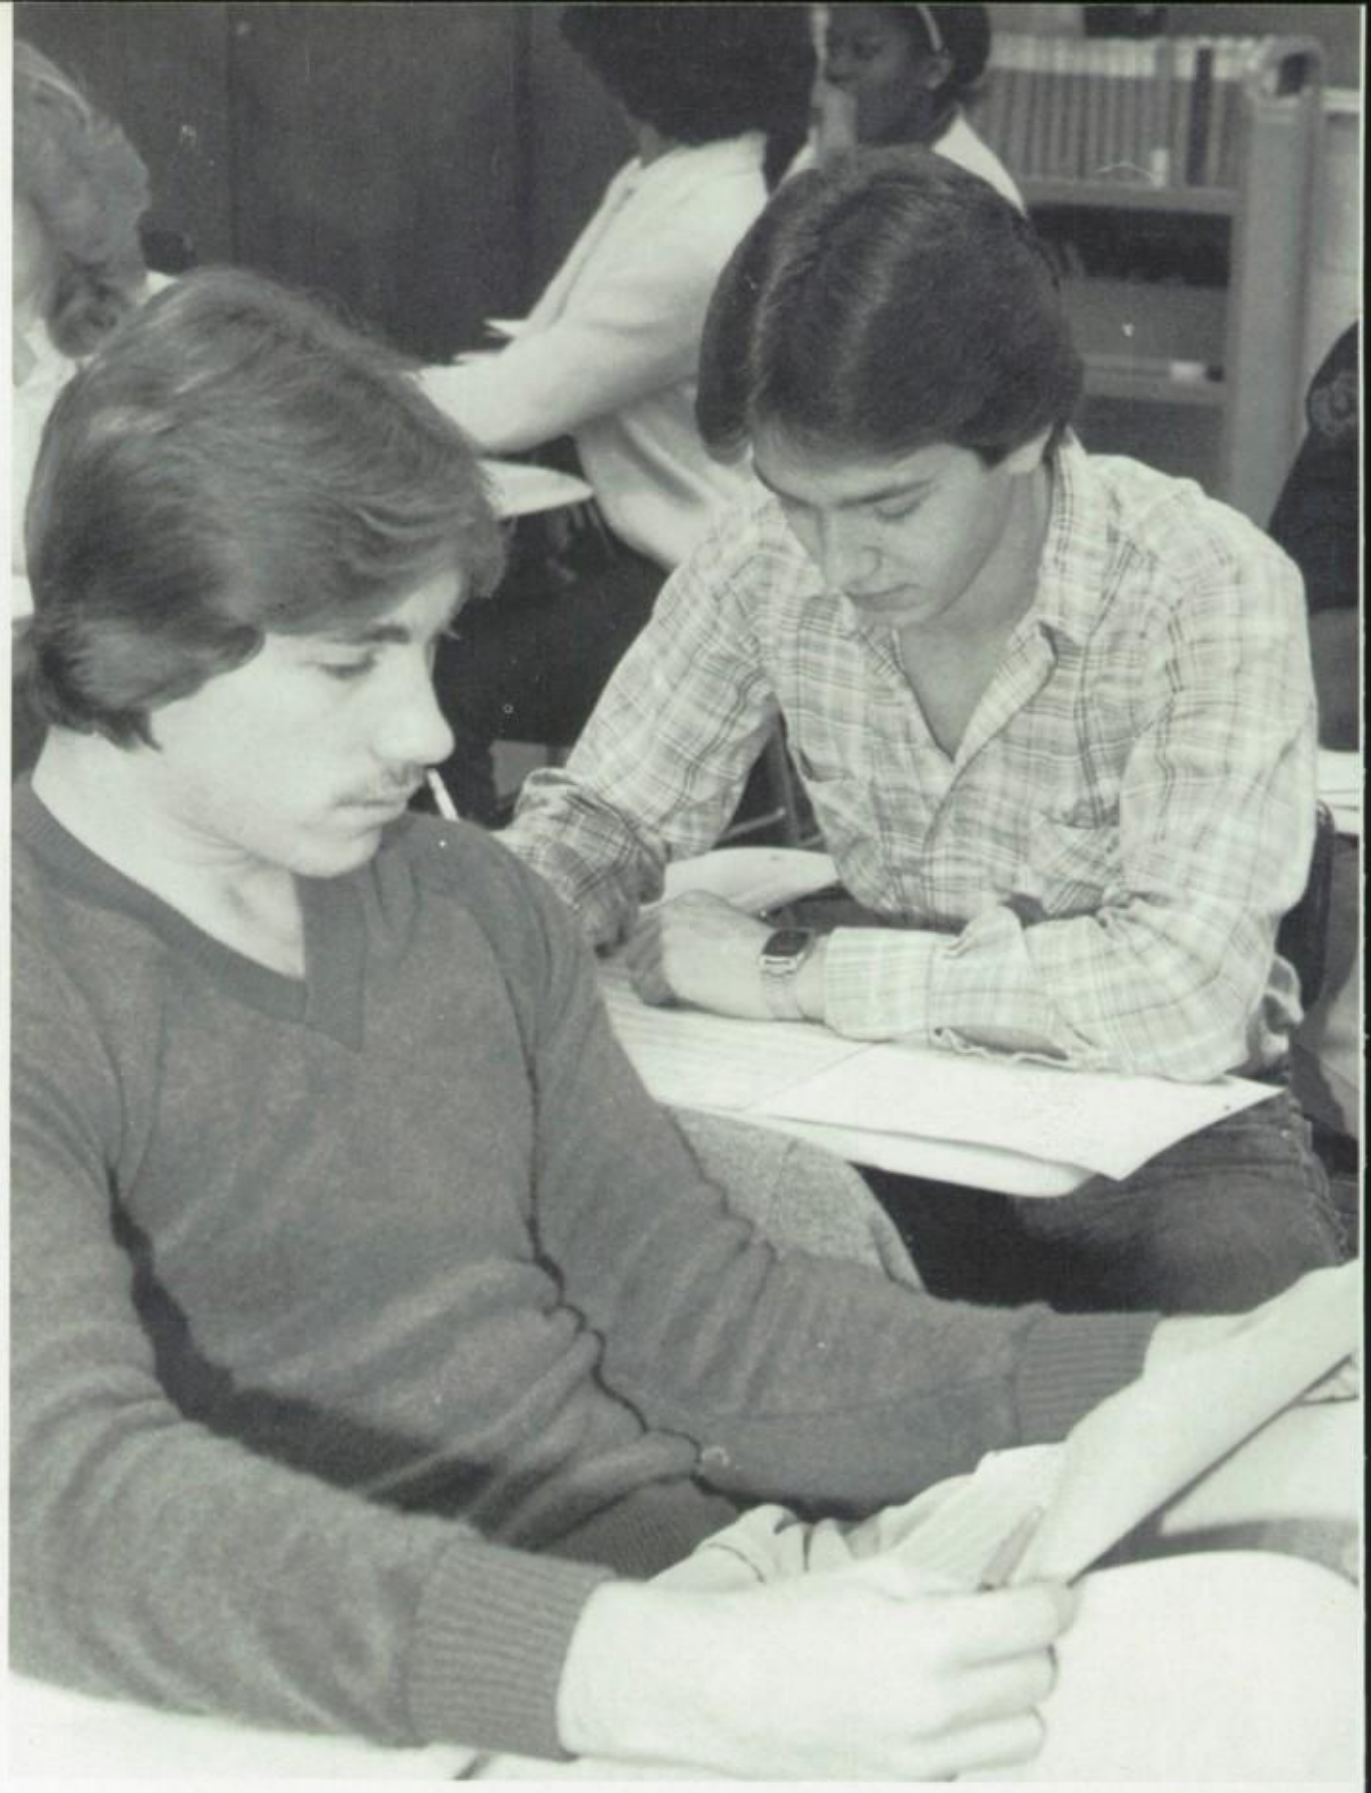
Around the Arena

One really knows he is a senior when everyone is preregistering for next year and he can only sit by and watch.

Each spring, beginning in March, underclassmen begin preregistration. Students then get the chance to choose the classes they want to take in the following year; however, their choice must corollate with the classes they need, too.

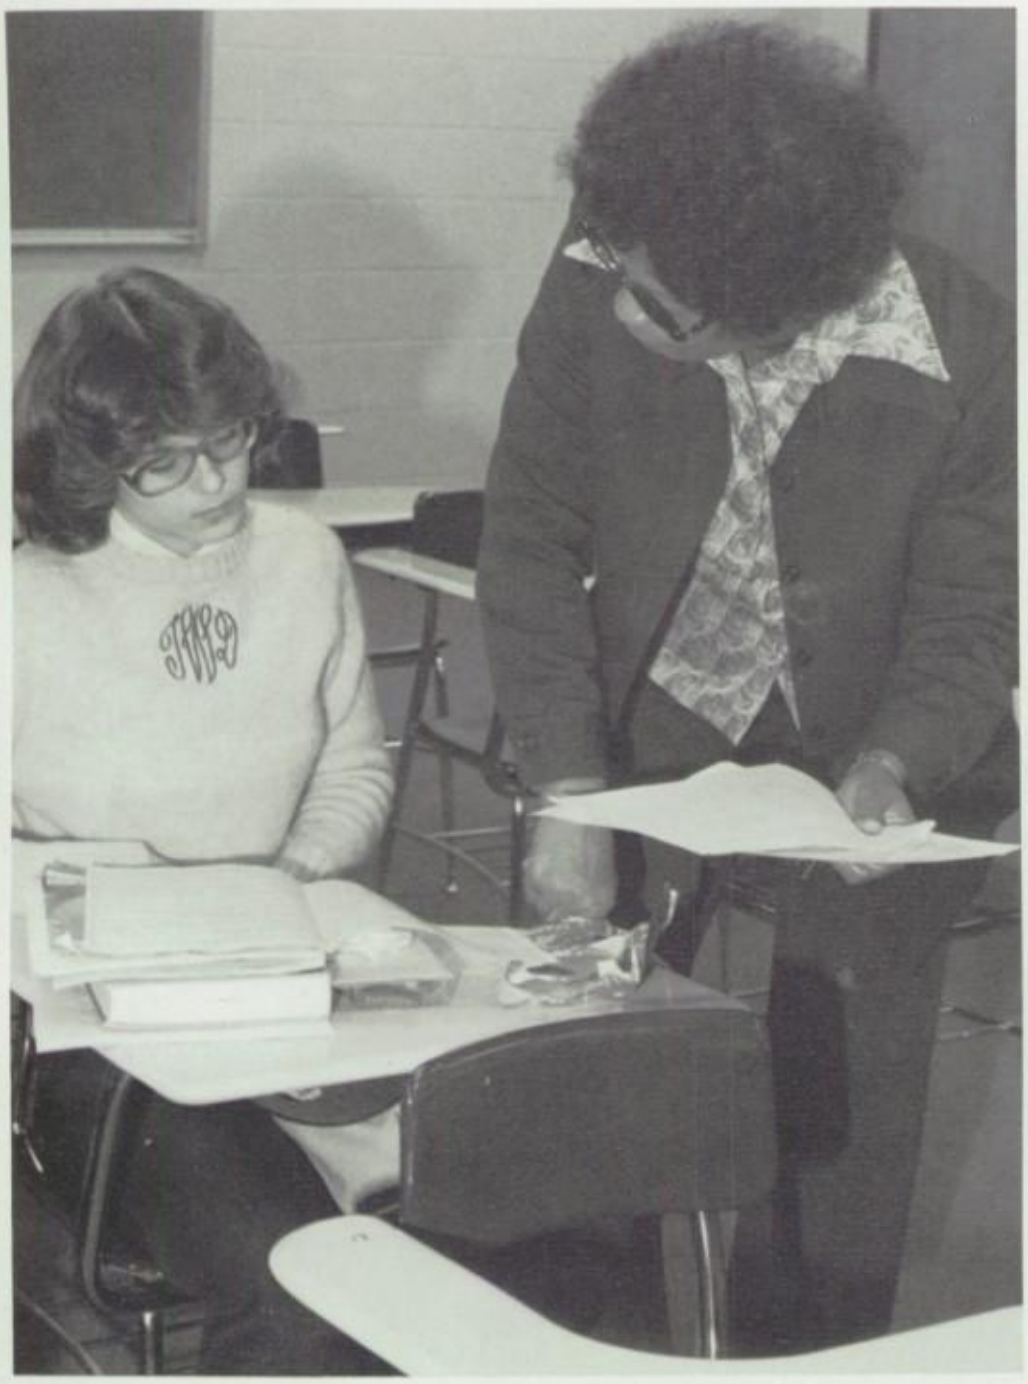
Many students feel that individual and arena scheduling has increased their freedom to choose their classes at a time they feel comfortable with. Of course, for some it can be really flustrating, when classes are closed and the alternatives seem bleak.

Without the hard work and numerous hours of prepartion from the guidance office, none of this would be possible and the freedom of choice would be narrowed down considerably. One advantage of arena scheduling is that it familiarizes students with the method many colleges uses to schedule their students.

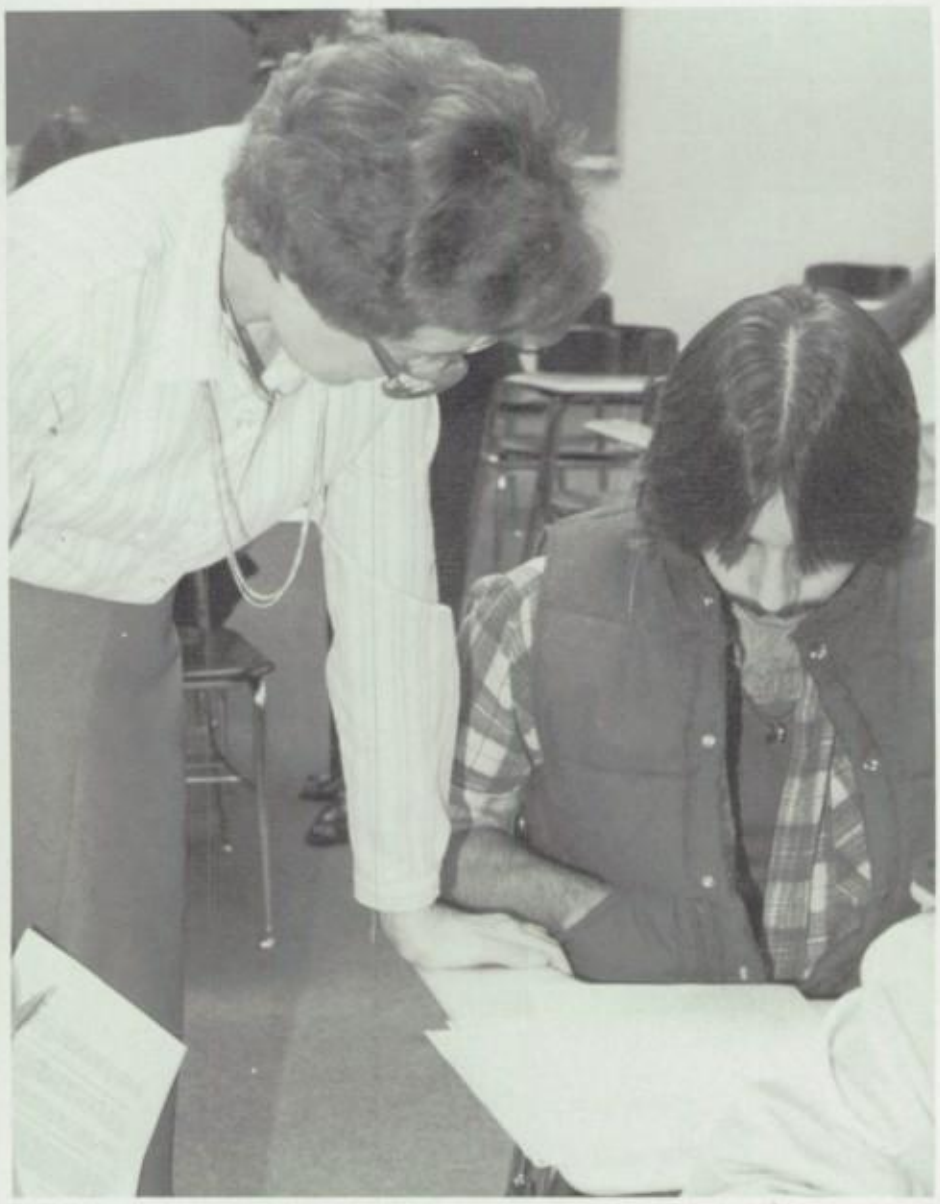


Now this needs thinking over. Tommy Hutchins and Jeff Kretzer consider their choices before finishing preliminary schedules.

Careful planning is important. Mr. Olah assist Judy Bellamy in planning her classes and credits.



"Am I confusing you?" Mrs. Cross helps Tracey Wyngaard schedule for next year's classes.



What next? Joe Smith receives instructions on scheduling procedures from Mrs. Babb, guidance director.

Clubs Do Their Best

Since the beginning of mankind, people have organized themselves into groups or organizations, Deep Creek has been no different in keeping with this tradition. Over 20 clubs exist for the purpose of service to charities or the school, or to bring out the artistic abilities of it's members. They had money making project ranging from dances to sales of almost any the students could buy. With the money raised, trips were taken, parties held, and money was donated to charities.

In keeping with the spirit of doing the very best in everything, students put forth their best effort to make their projects successfu.

After countless recruiting of members and electing officers, clubs began the year in full force. Homecoming 1980 was the main event of the fall. Many clubs displayed their Hornet spirit by sporting colorful floats at half-time.

The SCA, one of the most involved groups in the school, held many projects to benefit the school and community. In November, the annual can food drive for Thanksgiving baskets took place, along with a fierce battle between second period classes to collect the most cans. The Penny-an-Inch contest, which Deep Creek has won city-wide for the past three years, was met with tremendous results again this year. In the spring, the SCA sponsored the Red Cross blood drive.

Deep Creek's clubs deserve a hearty salute for a job well done!

As high as a mountain! The Hikers and Bikers stop to take a break after climbing the Humpback Mountains all morning.

An Organization with Involvement

S.C.A. — This club was as usual, a big success this year, with the help of Mrs. Eure, the sponsor. Throughout the year, the S.C.A. has helped the community through various projects, including the Blood Drive, and the Thanksgiving food baskets for needy families. The S.C.A. members also had Spirit Week during the week of Homecoming and they set up their annual Christmas Tree next to the auditorium. Deep Creek High School, also won the Penny-an-Inch Contest for the fourth consecutive year.

Every event was successful this year, thanks to the hard work of all the members of the S.C.A.

And The Band Plays On

A few weeks before school started the members of the Deep Creek High School band came together to practice in the cold mornings and in the scorching hot afternoons. But their hard work plus their talents had really paid off. The band had another active and successful year in both the marching and the concert season.

The Marching Hornets attended the VCU Band Day Competition at the State Fair of Virginia in Richmond. They performed an excellent show at ECU Band Day Competition where they proudly brought home the second place trophy in the class AA division. The band also placed third and received superior rating certificates for musical performances at both the Tidewater Festival of Marching Bands held at Indian River and the Old Dominion University Marching Band Classic.

During concert season the band participated in the Distric IV Festival of Virginia in March. The Wind Ensemble performed at both the Mr. Deep Creek and Miss Deep Creek pageants. May held exciting moments for the band. Not only did they perform their annual Spring concert but they also attended a musical festival held in New York's "Big Apple."

To achieve their spring goal the members of the band earned money by selling Mrs. Smith pies, candles, and fruit.

Working Organizations

Stage Crew has been a very active group this 1980-81 school year. It's members are witty individuals, and are very reliable. They are the ones responsible for the success of all concerts, plays, and shows performed at Deep Creek High School.

Distributive Education Clubs of America is the professional organization for D.E. students. The club's motto is developing future leaders for marketing and distribution.

Cooperative Office Education is a work program coordinated with participation in business classes. A student in this organization attends school during the morning hours and works in an office during the afternoon hours.

Vocalizing Their Talents

Chorus — this year was a great success for the Deep Creek High School singers as they participated in many festivals and concerts. On their list of activities were their trip to Philadelphia, their variety show, Christmas Concert, Fall concert, Regional chorus, and a trip to the G.E. plant. To support these trips they sold cookies, calenders, and fruit cakes.

The officers of the 1980-81 chorus include the following: Theresa Mills, president; Donna Flinn, vice-president; Cindee Hunsucker, secretary; Charolette Brabble, treasurer; Derek Koolman, chaplain; Joy Johnson, publicity; Shelby Hatfeild, librarian; and Chuck Adams, sargeant of arms.

Students Join Together

VICA — This program allows students to get their careers in order while attending high school. They learn basic skills and are taught to plan their futures according to the programs they conduct themselves in. This year VICA members participated in many activities. They began by installing officers, they attended the state convention in Richmond, Virginia on April 10th, 11th, and 12th, they held the annual picnic, and they attended the National Convention in Atlanta, Georgia on June 15-19.

Bible Club — The main job they conduct is to lead the students in the morning devotions. They also have activities that include bible studies, worshiping together, and have speakers attend their meetings.

French club — The main purpose of this club is to promote interest in the French language and the customs of France.

The French club started out the year by participating in the annual Neptune Festival Heritage Day. They then sold memo boards, coloring books, and advent calenders to raise money for the big trip to Paris many will take in the spring. They expanded their cultural horizons by attending operas. Finally, they hosted an International Day for all of the exchange students in Chesapeake.

Spanish club — Developing an appreciation for the Spanish culture and teaching students different ideas about the Spanish civilization is the main purpose of this club.

Helping Others

Attendance, guidance, and main office workers are a vital part of the office area. These helpers are reliable high school students who run errands, take hall passes to other students, sort and file various materials, and do other tasks as well. Without their help the office personnel could not possibly complete their work.

Future Business Leaders of America is an organization whose major activity is to raise funds for the March of Dimes. Their theme is "FBLA — Communicating with the Business' of America."

The Stinger Staff was responsible for the literary magazine this year and they also published a news magazine. During the year they studied journalistic writing and photography. They learned about television broadcasting, using the video equipment, and radio broadcasting. Field trips to the Ledger Star, a television Station, and a radio station were also among their learning experiences.

Going Places Through Knowledge

The GAA is a service club open to any student attending Deep Creek. This year they helped aid sports activities and the SCA in fund raisers.

The ICC is made up of all vice-presidents of each organization. This year they sponsored Wang Li-Chuan from Taiwan. To raise money they have sold doughnuts and "back-to-school" bags.

The Video Club is designed to train the members to operate machines and to write and produce programs. A main feature for them is the production of the Video News Magazine.

The Library Aide Club is composed of students who desire to render a service to the Media Center. They are also trained to operate the Media equipment.

Artistically Gifted

The Drama Club raised most of its money this year from the Mr. Deep Creek and Miss Deep Creek pageants. Its members have been very active. In the spring, they put on a play production.

The Forensic Team competed at the Forensic Tournament for VHSL Southeastern District on February 4, 1981. The winners went on to compete for Regional and State championships.

They sold carnations for Mother's Day and conducted a raffle in the latter of the year.

Modern Dance members performed at the Mr. Deep Creek pageant for entertainment. They were a big success. All of the girls in the group enjoy what they are doing and it really shows in their dance. All may not be perfect, but at least they're on their way there.

Creating a Best Seller

What does it take to make an enjoyable and best selling book?

First, the subject must appeal to the reader. Second, the people in charge of compiling the book must know what they are doing and third, the book must be promoted and supported.

Now, how does all that apply to the **1981 Hornet**?

Year after year the subject is the same. The book is about **YOU**, your friends and your school. No wonder it attracts readers!

Second, who compiles the information? A group of dedicated people — the Annual Staff and Mrs. Cupitt, the sponsor. The staff members write and type copy, design layouts, draw, do some photography, and sell ads. The deadlines are a hectic time. This year they had four deadlines. At each a certain percent of pages was due. If deadlines aren't met the staff is charged for each overdue page. It takes alot of cooperation among the staff members to get layouts finished. They have to work together and work many hours, during school and after. In September, they attended a yearbook seminar at the Ramada Inn in Virginia Beach. They had a chance to look at other yearbooks from high schools and colleges. They also designed the cover for the **1981 Hornet**. In January a dance was held with KSS Productions after a basketball game. In addition to these activities, the staff sponsored a child for one month through the I.C.C.

Continuing in the production cycle, the book must be promoted. This was carried out by the Publicity and Selling Committee. They made posters and sold the annuals during lunch. And finally, the book was supported by all of the Deep Creek merchants and people who bought ads.

The Annual Staff would also like to thank **James Hardee** and **Bill Hash** for the pictures and **John Perry** and Hunter Publishing Company.

Working together — the annual staff members work hard to meet deadlines.

ADVERTISERS

Support in Many Ways

Throughout the year the local businessmen and merchants provided alot for the school and community.

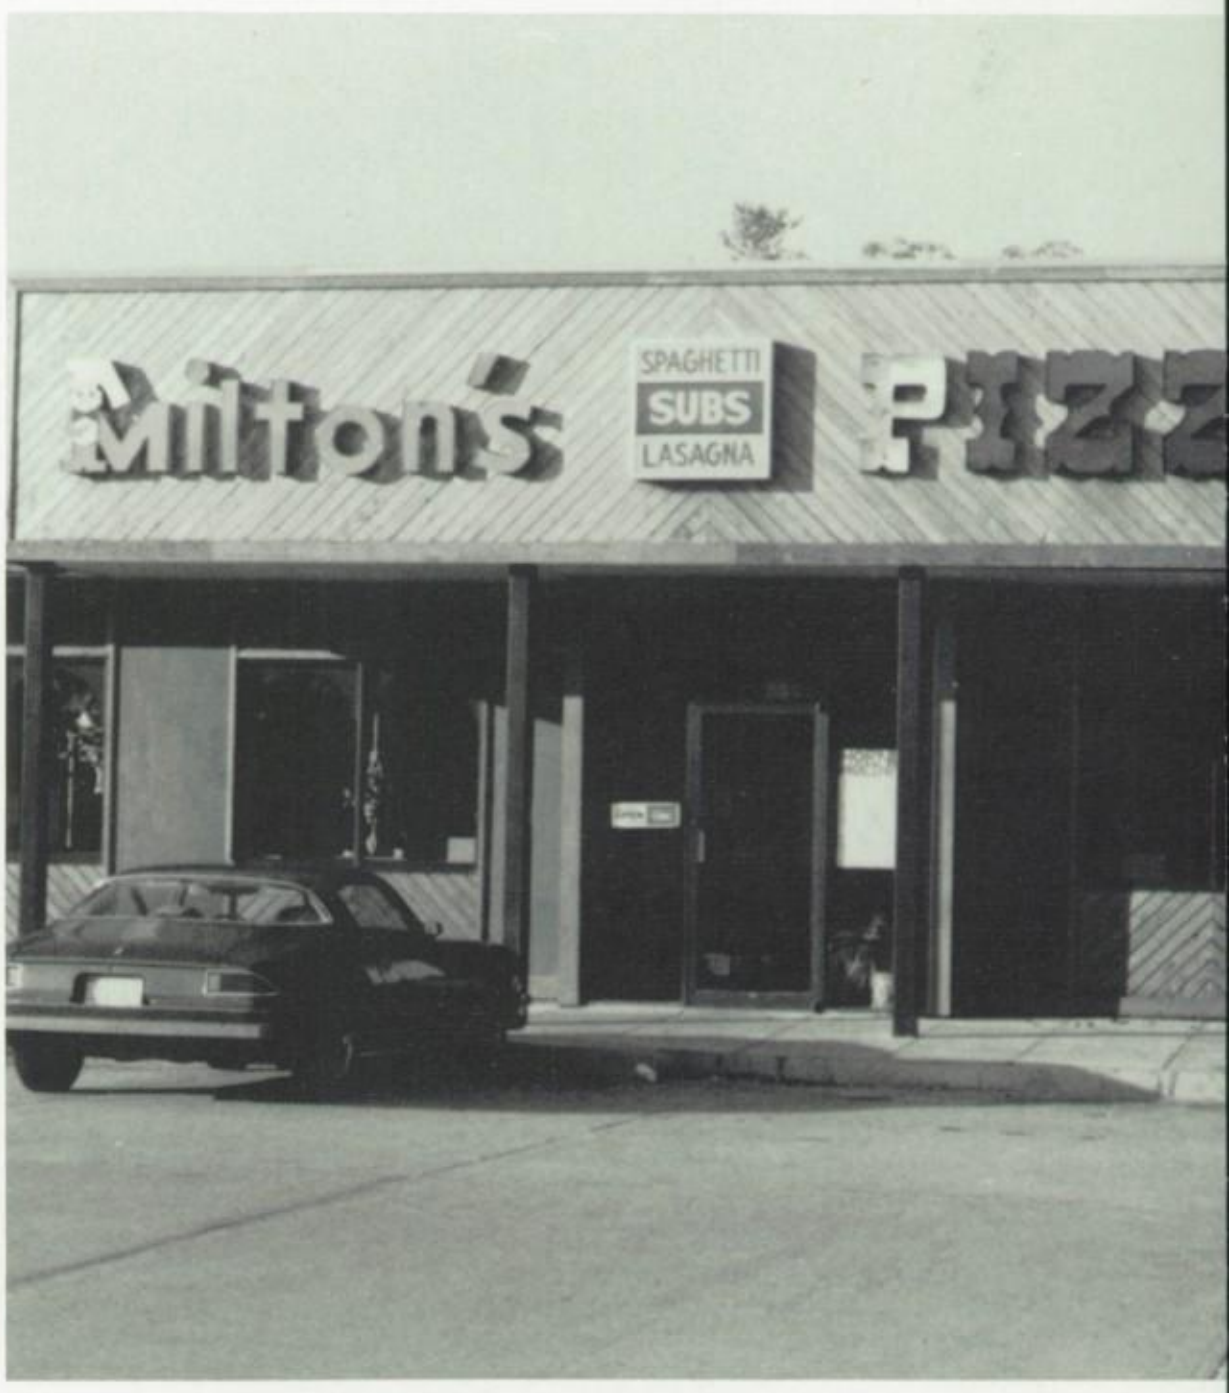
They bought ads for the football program and the yearbook. Some donated their services or goods to the school. Others seemed to thrive on the happenings at or around the school. Milton's Pizza, for example, was often filled to capacity on nights of ball games and dances. For the first time Creekers had their own place to go, enjoy a good meal, and meet with friends.

Several of our area merchants gave jobs to students, to help them get ahead and earn a little money. Without them perhaps many of the students would have been without jobs, which are much in need.

As business in the community expanded so did the population, and as the population grew so did the businesses. Many people welcomed the growth hoping that it would change the opinion that Deep Creek is just another rural community, and delighted with the financial aspects accompanying the growth. Others were not so happy with the growth and some of the problems it presented.

As for the students most were pleased with the growth and welcomed the opportunities which arose.

Thanks for the support patrons!



Ready and on call! The Deep Creek Fire Department and Rescue squad — always prepared for action.

MILTONS rests! After many Friday night crowds, the morning hours seem peaceful at Miltons.

Good food, good fun. People can always find a good time at the Sunset Manor Restaurant on Military Highway.

Open for business. The Dismal Swamp Art Gallery is locally owned and almost always open to customers.

Dino's for a great meal! Dino's Spaghetti and Steak House is a fine place for a good meal, it is located on Military Hwy.

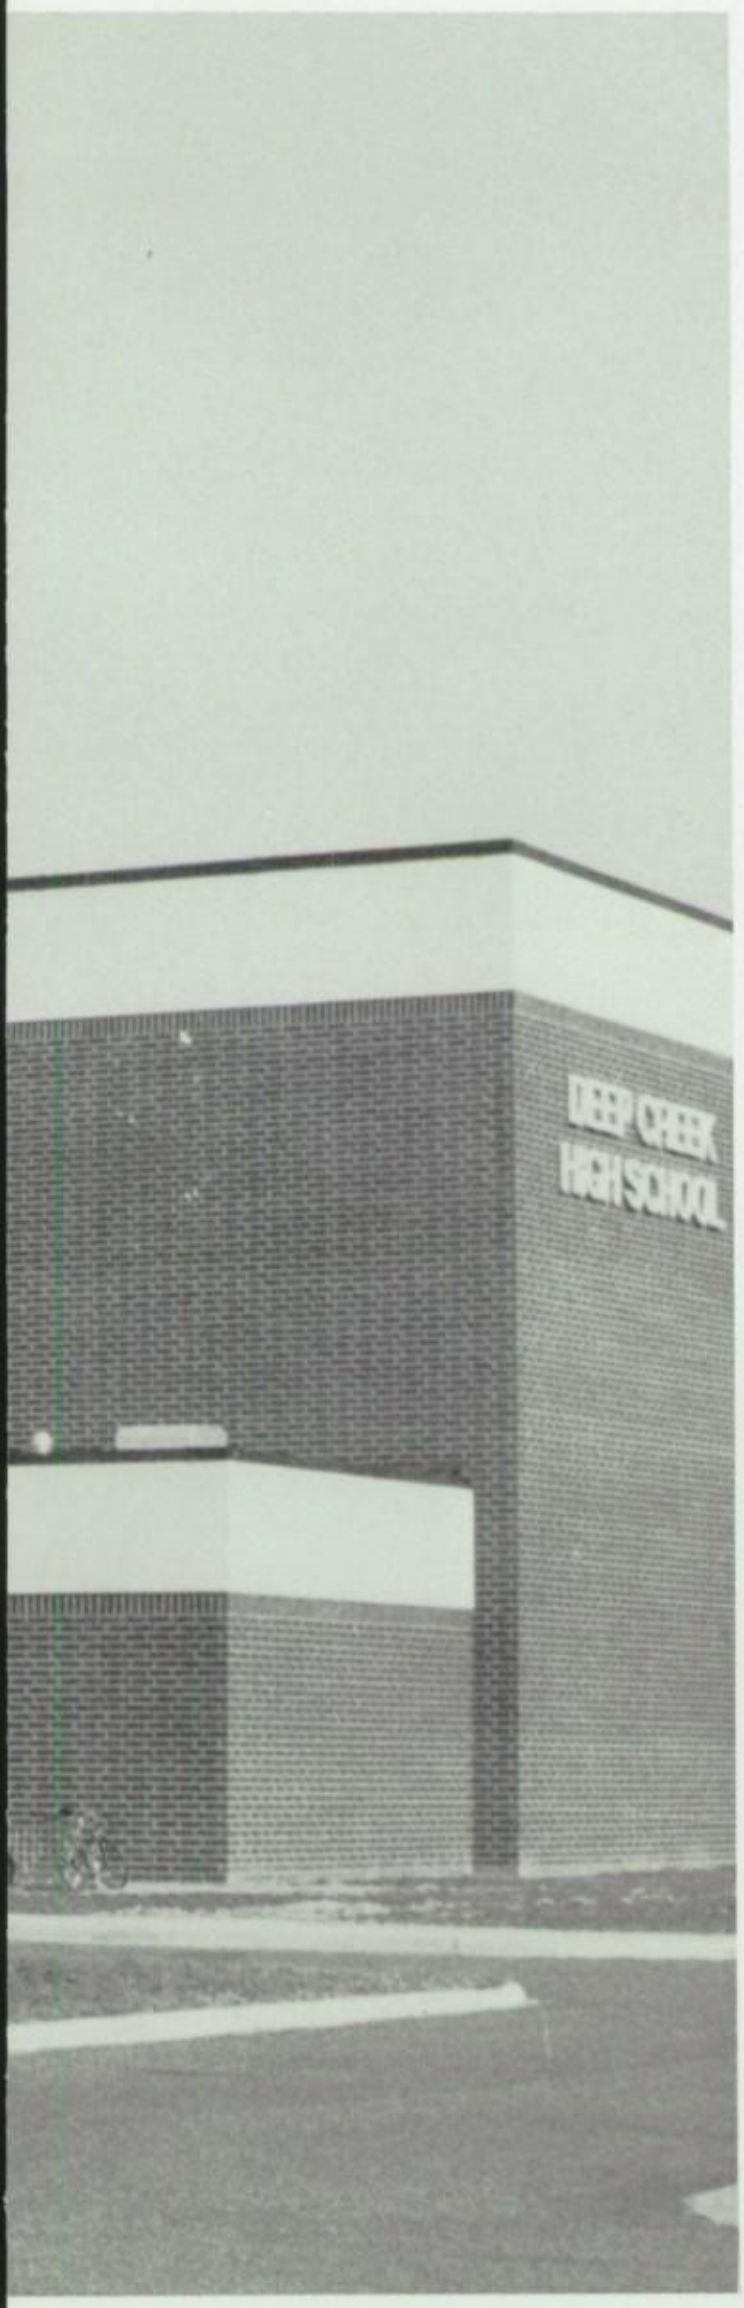
When Time Runs Out

A little after 1:00 on June eleventh, time will run out. Students will file from the halls of Deep Creek High — eagar to enjoy summer vacation, full of trips to the beach and lots of summer fun. Many of the students, mostly seniors, will never return to Deep Creek, as they break away from friends and step into a larger world. Others will return for another year of learning and fun.

With graduation and the closing of school came a flood of memories — memories not only of this year, but of the past few years. Memories of dances, proms, football games, and friends will stay with us for a long time.

Generally this year will be remembered for the good things. We have done very well in sports — football, volleyball, and wrestling just to name a few. The spirit of the students was insurpassable. The morale was never higher.

Of course, each student will have special memories of friendships established throughout the years. With out these friendships how would any of us have made it through the week. The times shared with these friend will always remain special.



Standing proud. Deep Creek High School stands a massive giant, ready to take on anything.

Patriotism Waves. Never prouder has the flag waves over Deep Creek, where a new sense of patriotism was born with the release of the American hostages.

When Time Runs Out (con't)

So when time runs out this year each of us will face tomorrow with experience and fond memories of yesterdays. Yesterdays spent at Deep Creek with friends.

We have tried to preserve some of the fondest memories for everyone, so when one looks back on this year it will be just like living it all over.

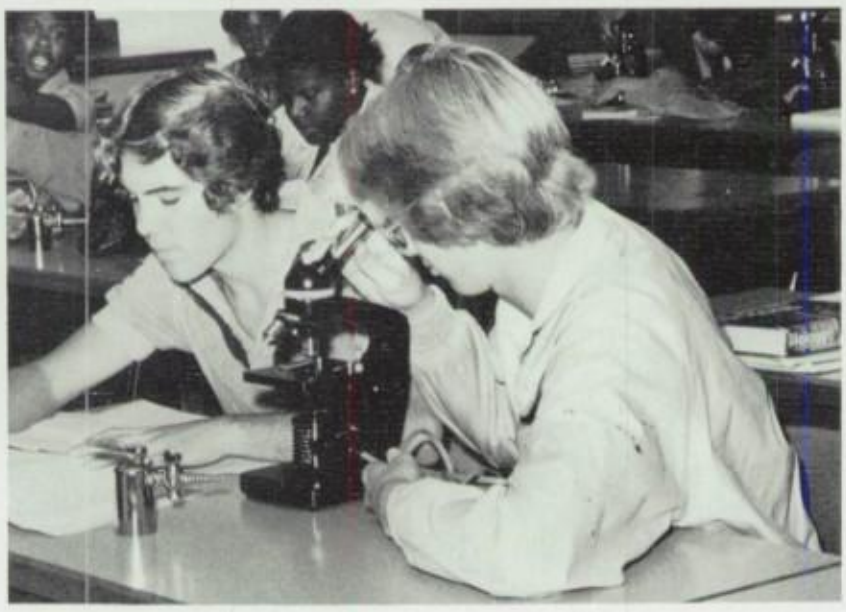
We can contribute the success of this year and this book only to YOU, the individual. Because this year you've really looked good.

Saddle up your horsey. A group of spirited seniors show their Hornet spirit on country and western day.

With a little studying on the side. Karen Cahoon takes time out from her busy schedule to study for math.

Rah rah rah. Barbara McClain cheer on the football team during a pep rally.

Tear it up. Mrs. Babb and Mrs. Eure deomonstrate how the Hornets will defeat their opponents.



Something's in there. Doug Brinker and Gary Boone play jr. scientist in Biology.

Look at this mess. Stevie Hawk and Vicki Summerall work their clay into masterpieces during ceramics class.
